

**FIRE DESTROYS MUNISING APARTMENTS**  
—Eight families were burned out of their homes at Munising Sunday when fire destroyed an apartment building. The fire started about four o'clock in the afternoon, apparently caused by an oil stove explosion. The flames spread so

rapidly that it was impossible to save furnishings or household contents. Residents of Munising have come to the aid of the stricken families and are providing clothing, furniture, etc., to assist the fire victims.

## Bible Reading Is Upheld For Public Schools

By PAUL M. YOST  
WASHINGTON — (AP) — Bible reading in the public schools may continue, the Supreme Court says, at least until someone comes along with a showing of genuine injury.

By vote of 6-3, the high tribunal yesterday tossed out an attack on a New Jersey law which requires daily Bible reading in the public schools of that state.

**No Harm Evident**  
The court said the two persons who complained had demonstrated no real harm in a legal sense.

In another major decision, the court said New York state may go ahead with enforcement of its Anti-Communist Teacher Law.

By a 6-3 vote, the tribunal upheld constitutionality of the statute which bars subversive persons from employment in the state's school system.

In another 6-3 vote, the tribunal said a lower federal court in Washington properly refused to give a ruling on validity of the new federal gambling tax law.

**Fishing Fee Too High**  
In a fourth 6-3 decision, the justices said Alaska may not impose a \$50 annual license fee on non-resident fishermen when, at the same time, it charges resident fishermen only \$5.

The opinion in this case, by Justice Frankfurter, said the decision had no bearing on the right of states to charge non-residents a differential which "would merely compensate the state for any added enforcement burden the non-resident may impose."

**Can't Be Fired**  
Rasch told reporters some of those suspected are "in rather influential positions where they would have some voice in determining certain policies," but he would not elaborate.

Both Rasch and Leonard told Williams there is no way proven Communists can be dismissed from state service unless the Communist party is outlawed or those suspected commit overt acts against the government.

Both advocated outlawing the Communist party.

Feenstra said his demand for a probe of Communism in education resulted from the Wood committee hearings. He referred to testimony that a Detroit school teacher was a Communist, that there were two Communist teachers at Michigan State College and that he had "heard" of Communism on the Wayne University campus.

His demand was sent to committee for study.

**Truce Talks Right Back Where They Began Last Dec. 18**

By ROBERT B. TUCKMAN  
MUNSAN, Korea — (AP) — Korean truce talks are "right back where they were Dec. 18," Rear

Adm. R. E. Libby said today after arguing with the Communists whether 50,000 missing Allied troops actually exist.

Libby demanded the Reds account for the missing men—South Korean soldiers the U. N. Command says the Reds incorporated in the North Korean army.

They "do not exist," said North Korean Maj. Gen. Lee Sang Cho. He called it an Allied fabrication, an "attempt to block our progress by creating another hindrance."

(The Reds concede some South Koreans are in the Communist army, but contend they are volunteers and that many deserted the South Korean army.)

"They do exist and have always existed," Libby snapped back. And they "must be returned to our side" when prisoners of war are exchanged.

At this point Libby said: "Apparently we are back where we were on Dec. 18." Negotiators exchanged lists of prisoners of war on that date.

In another truce tent Red staff officers repeated their "firm and unshakable" demand that Soviet Russia help supervise a truce. U. N. officers repeated their "irrevocable" stand that Soviet Russia was not acceptable.

They have been deadlocked like that for weeks.

Communist generals negotiating the prisoners exchange "were very well behaved," Libby said, in contrast to their shouted accusations of Monday.

## Truman Urges Reds To Drop Senseless Hate And Terrorism

By ERNEST B. VACCARO  
WASHINGTON — (AP) — In a dramatic peace broadcast, President Truman today appealed to the people of Russia and Red China to force their rulers to drop "their senseless policy of hate and terrorism."

The President spoke from the flight deck of the Voice of America's powerful new floating transmitter, the U. S. Coast Guard Cutter "Courier," berthed at a city pier.

**Both Aided By U. S.**  
He addressed his words especially to the people of China and Russia, reminding them how the United States came to their aid in World War II when they were invaded by Nazi Germany and Japan.

"We helped them to save their countries," the President said. "I want to say to these people today, as we said then: We are your friends. There are no differences between us that can not be settled if your rulers will turn from their senseless policy of hate and terrorism, and follow the principles of peace."

"Today, the aggressive policies of your rulers are forcing us to arm to defend ourselves. But we can not find in our hearts any hate against you. We know that you are suffering under oppression and persecution. We know that if you were free to say what you really believe, you would join with us to banish the fear of war, and bring peace to the earth."

**Relayed To Far East**  
"Your government, with its newspapers and radios, may try to make you believe that the United States is a hostile country, bent on war. But that is not true. I want you to know that our highest aim is peace and friendship—and an end to the horrors of war."

The state department said Mr. Truman's voice was heard in Europe, Latin America and the Far East. Relay stations at Tan-

**Rail Wreck Kills Over 100 In Brazil; 200 Hurt**

RIO DE JANEIRO, Brazil — (AP) — More than 100 persons were killed in a train collision near here today. About 200 suffered injuries. The wreck was the worst in Brazil's history.

A train crowded with commuters coming into Rio de Janeiro crashed into a stalled passenger train near the suburb of Anchieta, about 19 miles southwest of the capital.

"It looked like a battlefield," a survivor, a former soldier, said.

**Faulty Flaps Blamed**  
NICE, France — (AP) — Officials concluded today that faulty flaps combined with a double engine failure caused yesterday's plane crash here which took the lives of 37 persons. They discarded a theory that the plane was downed by a flight of seagulls.

**Veteran Bares Police Torture**

JACKSON, Miss. — (AP) — A 25-year-old Negro Korean veteran will take the stand today to describe the torture he allegedly received at the hands of five Mississippi peace officers in 1950.

The soldier, Murry (Sunshine) Gray, was flown back here from the Korean front as a prosecution witness in the civil rights trial of the five officers.

Gray was handcuffed to a tree and beaten, the indictment said, in July, 1950, when he was a civilian living at Magnolia, Miss., about 85 miles south of Jackson.

The five officers allegedly took the Negro from a jail cell to a remote spot outside of town where he was beaten to "extort, force and coerce" a confession of a filling station burglary.

While Gray was in jail a group of white citizens of Magnolia heard of the alleged beating and agitated for an investigation. Gray was transferred to an adjoining county jail but the townspeople sought him out and demanded he be given medical attention.

## Bloody Truck Spurs Search For Missing Oakland Orchardist

DETROIT — (AP) — Police, now working on a theory of foul play, today sought a former employee of Howard McCracken, mysteriously missing Oakland county apple grower.

The man, unidentified by police, was wanted for questioning after

it was learned he called the McCracken home in Farmington Monday night to "talk to someone" about McCracken's hunting cap.

The cap and McCracken's empty wallet, both blood-stained, were in McCracken's truck when it was found yesterday in a parking lot at the eastern market here. One window was smashed.

McCracken, 46, well known in the fruit industry, has been missing since last Wednesday night. The last word from him was his call to his wife, Eleanor, that he was on the way home from Detroit.

Police said the man who called the missing man's home made a date with McCracken's son, Howard, 17, but did not keep it.

At the same time police said they were investigating McCracken's financial affairs, including his mortgage and tax payments. McCracken has carried \$10,000 life insurance. Recently he applied for an additional \$5,000, police said.

**Enriched Bread Measure Illegal**

LANSING — (AP) — Legislation requiring white bread flour to be enriched with vitamins has been held unconstitutional by Attorney General Frank G. Millard.

Senator Elmer R. Porter (R-Blissfield), who obtained the decision, made it public today.

The bill, passed by the House and now in the Senate, has been widely supported by women's organizations.

Millard's opinion said the Legislature can only dictate the elements of food products to prevent fraud upon the public.

Indicating there is no fraud in selling white flour or bread without enrichment, Millard's opinion said:

"Everybody knows that white flour does not contain all the elements that are found in whole wheat flour. Everybody knows that white bread is deficient in certain of the elements. Nobody thinks when he buys a loaf of white bread that he is obtaining those elements."

The opinion said the effect of the legislation would be to prohibit the sale of white flour and white bread, which were described as "harmless articles of commerce and legitimate articles of food."

**Traffic Snarled Up In Kansas Storms; 6 Deaths Reported**

(By The Associated Press)  
Kansas and western Missouri today began shaking off the effects of a late-winter storm that dumped more than a half foot of snow in many sections, snarled transportation and closed schools.

At least six deaths, five of them in the Kansas City area, were attributed to the storm.

There was wintry weather, with snow and sub-zero temperatures, in other areas of the country.

A storm center in Indiana also brought heavy snow and strong winds with much drifting, in the middle Mississippi valley and the northern Great Lakes region. Sleet and rain hit the eastern Great Lakes area. Thunderstorms were reported in Mississippi.

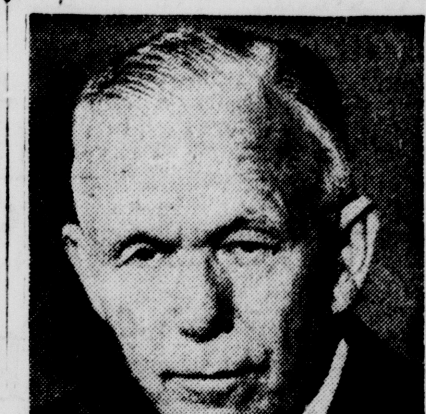

**Jet Plant Started**

RIVERHEAD, N. Y. — (AP) — Work has begun on a projected \$22 million Navy jet plane assembly plant and testing field. Workmen began clearing land for two runways yesterday. The Grumman Aircraft Engineering Corp., of Bethpage, N. Y., who will operate the plant, expects to get it in operation by April, 1953.

**Eisenhower Confers With Turkish Leaders**

ANKARA, Turkey — (AP) — A busy day of conferences with Turkish leaders was ahead of Gen. Dwight D. Eisenhower today. The NATO commander arrived here by plane yesterday on his first official visit since Turkey joined the North Atlantic Treaty Organization.

Among the topics up for discussion are the amount of additional aid Turkey will need from her new partners, and political relations among Turkey, Greece and Yugoslavia.

**MARSHALL HONORED** — General of the Army George C. Marshall will receive this year's Four Freedoms Award, at a dinner to be given in his honor on March 14. Marshall was chosen for the honor by the vote of 15,000 persons from all walks of life, according to the Four Freedoms Foundation. The award is given annually in commemoration of the late President Franklin D. Roosevelt, who gave his famous Four Freedoms speech to Congress in 1941.

**City Of Kushiro Hard Hit; 2,500 Homes Topped**

By OLEN CLEMENTS  
TOKYO — (AP) — A terrifying earthquake and tidal waves killed at least 31 people in northern Japan today, injured hundreds and destroyed more than 2,500 homes.

Railway trains were toppled over. Rail lines were reported swallowed by great fissures. A coal mine partially collapsed.

Harbor facilities were badly damaged at Kushiro, a port city of 68,000 on the southeast coast of Hokkaido island. Kushiro was the center of destruction.

**Buried By Landslides**  
Most of the dead were in and near the town, on Japan's most northerly island. Tidal waves knocked down warehouses. The quake touched off 11 fires.

Nine people were buried alive by a landslide.

The quake was general north of Tokyo. Tokyo itself was not damaged.

The U. S. First Cavalry division is stationed on Hokkaido and the U. S. 24th division is in northern Honshu.

**No Americans Hurt**  
They reported no Americans injured. Under orders of Gen. Matthew B. Ridgway, the divisions turned their facilities to aid the stricken and thousands of homeless.

The quake struck at 10:24 a. m. 8:24 p. m. Monday (EST).

Seismologists at American universities reported it was one of the most severe in the world in half a century.

Columbia University said it was the worst since Aug. 15, 1950, when a quake shook Assam, India. That was the biggest in 50 years. The Japanese quake was about the same intensity.

In Massachusetts Weston College reported it "the strongest earthquake" in a decade. University of California scientists called it "tremendous."

**Men Will Be Free, So Russia Can't Win, Says Admiral Kirk**

LOS ANGELES — (AP) — "I believe Russia will fall because men will be free," but we must not underestimate Soviet power, says Admiral Alan G. Kirk.

Kirk, who resigned last month as U. S. ambassador to the Soviet Union, also said in a town hall address yesterday America would be foolish to consider Russia invincible.

He said he believes war can be avoided if America is able to "negotiate from strength, actual and in being."

**Steam Kills Baby**

NEW YORK — (AP) — Eleven-month-old Peter Sherlock was found dead yesterday in a room filled with steam issuing from a broken radiator valve. Death was attributed to suffocation.

**Weather**  
Reported by U. S. Weather Bureau

## Democrats Fail To Start Party Tiff In Lansing

LANSING — (AP) — Long-anticipated efforts by Democrats to kindle inter-party strife in the state at 75 cents an hour and House failed to catch fire last night.

Two members of the minority tried to get committees discharged from consideration of Democratic bills they had killed and two others sought to expand the majority-approved liberalization of workmen's compensation benefits.

All of this was quietly and decisively turned down by the majority Republicans.

**Compensation Raised**  
Bills remaining dead would have set the minimum wage in the state at 75 cents an hour and expanded the powers of the state agency created last year to combat alcoholism.

As the Workmen's Compensation Bill came up for a vote today, it raises weekly maximum benefits from \$24 to \$28 and the funeral benefits from \$300 to \$400.

The House passed bills removing the ownership of mortgages or land contracts from computations of eligibility for old age assistance and raising inspection fees for convalescent homes to \$1 a bed with a ceiling of \$20.

**Election Bill Beaten**  
After holding two meetings during the session, a House committee finally voted 5-3 to report a bill replacing the office of coroner with medical examiners in Wayne county if approved by the voters.

At the first meeting only three favorable votes could be mustered. Sponsors of the bill in the meantime persuaded some of those originally opposed to shift.

Senate Republicans whipped a bill which would have let Detroit elect by wards the 21 members of the Wayne county board of supervisors now appointed by the city council.

**House Has First UMT Test Vote**

WASHINGTON — (AP) — Backers of Universal Military Training won the first test vote in the House today.

A standing vote of 196 to 167 beat down an opposition motion to strike out the bill's enacting clause—a maneuver preliminary to trying to send it back to the Armed Services Committee.

A later move to send it back to committee is expected, bringing a new test.

If successful, that probably would kill the measure as far as the present House is concerned.

Amendments which the bill's supporters might accept in return for passage would put a time limit on the operation of UMT—perhaps three years—and prohibit operation of both Selective Service and UMT at the same time.

As it now stands, the bill would require able-bodied males to take six months of military training when they reach 18 and to remain in reserve status for an additional 74 years. The draft and UMT could operate concurrently, but the presumption is there would be no large scale reduction in UMT until draft calls have tapered off.

**Ice Show Popular**

DETROIT — (AP) — The Hollywood Ice Revue grossed \$583,313 during its 21-day run at Olympia Stadium. The show, which starred Canadian Olympic skater Barbara Ann Scott, exceeded the 1951 gross by \$161,601.

## March Lion On Rampage Today

After an Escanaba February that was the third warmest in the present century a March weather lion came rampaging along today to send temperatures tumbling and whip light snow into drifts.

Northwest winds hit velocities up to 30 miles an hour today and halted commercial fishing on Green bay—but the 17-inch bay ice had not moved to noon.

The spring breakup appears due for a setback, according to S. E. Decker, U. S. Weather Bureau meteorologist.

Temperatures from zero to 5 below are expected tomorrow morning, with the high tomorrow about 15 degrees. The cold wave will tighten bay ice and give fishermen an opportunity for a longer period of operations.

By contrast with the March outlook, the month of February was moderate.

Not once during February did the temperature hit zero; the month was the warmest since 1931, and the third warmest since 1900. Average temperature for the past month was 8 degrees above normal.

Considering the old saying about March coming in like a lion or a lamb—the end of this month should bring some favorable weather.

## McMillan

**Frank Wilbur Gray**  
MCMILLAN—Funeral services for Frank Wilbur Gray, 93, were held Saturday at 2 p. m. from the Lakefield Baptist church with the Rev. Marshall Reed officiating. Burial was made in the Lakefield cemetery.

Born in Bangor, Maine, February 5, 1859, Mr. Gray died Feb. 27 in the Tahquamenon General Hospital at Newberry following a short confinement. He was a railroad telegrapher for over 50 years and was employed by the Northwestern and the Duluth-South Shore and Atlantic Railroads also the Soo Line. Retiring from railroad service approximately 16 years ago, he made his home in McMillan for a number of years with his granddaughter and husband, Mr. and Mrs. Ace Atherton and with his daughter, Mrs. Myrtle Morse of Newberry. He is survived by the daughter, Mrs. Morse, one brother, Herbert L. Gray of Harrisburg, Pa., 11 grandchildren; 44 great grandchildren and 5 great-great grandchildren. His wife preceded him in death.

**Honored at Party**  
Mrs. Charles Terry and Mrs. John Skinner were guests of honor at a party arranged by friends and given at the home of Mrs. Harry J. Skinner Saturday evening. Thirty friends were in attendance. Cribbage and music provided entertainment. Mrs. John Skinner and John Painter had high score in cribbage and Mrs. John Painter and John Armstrong low. Mrs. Terry and Mrs. Skinner were presented with many nice gifts. The refreshment table featured two decorated birthday cakes. Guests included Mr. and Mrs. Guy Ney, Mr. and Mrs. Walter Tucker, Mr. and Mrs. Junior Painter, Mr. and Mrs. Lyle Painter, Mr. and Mrs. William Hartwick, Mr. and Mrs. John Armstrong, Mr. and Mrs. Glen Koonitz, Mr. and Mrs. Milton Brown, Mr. and Mrs. John Skinner, Mr. and Mrs. Charles Terry, Mr. and Mrs. Harry Skinner, Mrs. William Poppe, Mrs. Russell Mark and daughter Yvonne, Floyd Tucker, Frank Generous, Thornton Erickson, of McMillan, Mr. and Mrs. Martin Harju Sr. and Mr. and Mrs. Martin Harju Jr. of Newberry.

**500 Party**  
Mr. and Mrs. Carl Ferguson entertained the members of their 500 club at their home Saturday evening. Leonard Minier and Mrs. Archir Macaulay received high honors and William Kline and Mrs. Kline low honors. At the close of cards pot luck lunch was served.

Mexicali is the capital of Northern Lower California.

**TRAVELERS' REUNION**—Frank Barron, Flat Rock farmer (left), and Kenneth Alexander, business man of Sydney, Australia, (right) talk over their travel experiences while Alexander was a guest of Barron here. They met in January on a plane flight between Australia and Auckland. (Daily Press Photo)

## Australian Says His Is Land Of Opportunity

Ample natural resources, plenty of elbow room, and a climate suitable for many types of farming make Australia, the "island continent," a land of opportunity, according to Kenneth Alexander, Sydney, Australia, business man.

Alexander left today after spending several days as a guest of Mr. and Mrs. Frank Barron of Flat Rock. The Barrons met him in January while on a tour of Australia where the Flat Rock farmer was studying sheep raising.

Speaking yesterday to the Escanaba Rotary Club, Alexander said he will leave Los Angeles Wednesday night by plane for his homeland. He came to Escanaba following a tour of European countries in connection with his printing and publishing business.

**The Big Country**  
Alexander gave a word picture of the country, which is almost as large in area as the continental United States but with a population of only 8 million. One-half the population is in the three large cities—Sydney, Melbourne and Brisbane.

While Sydney has 66 inches of rainfall annually and gardens with tropical plants flourish, the western area of the continent is very dry. It is summer now in Australia and in Sydney last week the temperature was up to 105 degrees, Alexander said.

Australia has strict segregation laws against "the dark people," as Alexander described them. The Australian aborigines are kept in the Northern Territory and should an Australian marry a colored person they must make a choice of not returning to their homeland or divorcing their spouse. Because of the great travel dis-

## Famed Comedy Here Thursday

A hilarious comedy, "Heaven Can Wait", will be presented Thursday evening at the Wm. Oliver auditorium by the Civic Drama Guild of New York, an all professional cast.

"Heaven Can Wait" is the story of a messenger who made a mistake and delivered the wrong person too soon. In this case the messenger is on the staff of "Mr. Jordan", a sort of superintendent of operations in heaven. The victim is a self-confident prize fighter, Joe Pendleton.

The play was produced in film and was retitled, "Here Comes Mr. Jordan". It was a sensational success. Peculiarly, the play was presented on Broadway after it had become a film hit, reversing the usual process.

This is the third and final play in the Civic Drama Guild winter series in Escanaba. Preceding plays were "Darkness at Noon" and "Voice of the Turtle". The series is sponsored locally by the Escanaba Lions club.

Tickets for Thursday's production may be secured at Gust Asps.

## Medallions In Bronze Made Of The Trumans

WASHINGTON—(P)—Portrait medallions of President and Mrs. Truman have been completed and will be cast in bronze. In showing them to reporters yesterday, White House secretary Joseph Short said the president commissioned the medallions of himself and Mrs. Truman and separate medallions of each.

Short emphasized the work was privately arranged, for the president's family and not for official use. The medallions, about 10 inches in diameter, were made by sculptor Paul Vinz, 43, a native of Hungary and now a British subject.

## Pilot Spots Home Fire And Radios In Alarm

OMAHA—(P)—An airliner's pilot radioed an alarm that sent Omaha firemen to a blazing residence.

R. A. Barksdale, Denver, was bringing his United Airlines transport in to the Municipal airport after a flight from Denver when he spotted the house enveloped in flames.

Barksdale radioed the airport control tower and attendants called the fire department.

Mr. and Mrs. William Morarty and their two children, who lived in the house, were away at the time.

## Briefly Told

**Target Practice**—The Escanaba Rifle and Pistol club will hold target practice at 7:30 this evening at the National Guard armory. All gun fans are invited to attend.

**Artificial Breeders Meet**—The directors of the Delta county Artificial Breeders Association will meet Thursday, March 6, at 8 p. m. in the office of J. L. Heirman, county agricultural agent, in the Court House.

**Orpheus Rehearsal**—The Orpheus club rehearsal this evening will be shortened to one hour because of the senior play. Members are asked to report promptly by seven o'clock at the Junior High School music room.

**Eagles Initiate Tonight**—Escanaba Aerie 1088, Fraternal Order of Eagles, will initiate a class of candidates at their regular meeting tonight, it is announced by Francis Lewis, aerie president. Lunch will be served after the induction ceremonies.

## Drinking Water Raises Production Of Dairy Cattle

"Drinking cups will increase production of your dairy herd," advises J. L. Heirman, Delta county agricultural agent.

Of all investments that Delta county dairy farmers can make, Heirman says, the one that will yield the greatest return in dollars is the installation of drinking cups. Cups will not only save a lot of labor but greatly increase the milk production of the herd.

With water conveniently available, cows drink more often, particularly when they are eating, he said.

Approximately four pounds of water are required for each pound of milk produced, so any increase in water consumption is usually followed by corresponding larger milk yields, Heirman concluded.

## Sportsmen Accused Of Robbing Nets On Lake Superior Ice

SAULT STE. MARIE, Ont.—(P)—Commercial fishermen say someone has been stealing their fish and tearing their nets at Gros Cap on Lake Superior, northwest of here. They blame sportsmen who have about 80 fishing shacks on the lake ice.

The sportsmen deny the accusation. They suggest the commercial fishermen are destroying the nets themselves in an effort to have the sport fishing stopped.

Lands department men say they can do nothing about the dispute. Quimby Hess, district forester, said the department is concerned only if the fisheries act is broken.

Buy and Sell the Classified Way.

## Communist Inquiry Has Repercussions In The Detroit Area

DETROIT—(P)—Effects of the House un-American Activities Committee probe of Michigan Communism continued to be felt today as staff investigators re-

turned to Detroit to prepare for a possible resumption of their hearings next week.

Two city housing project tenants named as Communists before the House group were ordered to vacate their public housing units as one result of the committee's visit here last week.

**Teacher Suspended**  
Meanwhile, an art teacher who was called a Communist party member by two witnesses was suspended when she failed to answer questions at an interview with Detroit School Superintendent Arthur Dondineau.

Two Chrysler Corp. workers, a man and a woman, were fired after demonstrations by fellow employees. Chrysler said the two were discharged for distributing handbills contrary to company rule, not because they had been named in testimony to the committee. The two had passed out leaflets denouncing the committee.

The city housing commission gave two of those named as Communists before the House group 30 days to vacate their Herman Gardens housing projects. They are William (Billy) Allan, Daily Worker reporter, and Gustave Jurist, president of the Detroit Public Housing Tenants Council.

The commission acted under a clause in public housing leases which provide that any tenant

may be removed from a project "with or without just cause."

**Will Fight Eviction**  
Allan charged the action "smells of Fascism" and said he would fight the eviction on court. Jurist recently led a tenants' fight against a 20 per cent hike in public housing rents.

The art teacher, Mrs. Elinor Laffrey Cook Maki, declared she will appeal her discharge to the Detroit Board of Education. She had refused to answer committee questions. Mrs. Maki has taught at the Dwyer school since 1935.

Superintendent Dondineau ordered her suspension under a state act, upheld by the State Supreme Court, which requires a loyalty oath as part of each teacher's contract.

The fired Chrysler workers were Miss Edith Van Horn, 31, a chief steward of the CIO United Auto Workers at Dodge main plant, and Paul A. Henley, a steward at the Dodge engine plant in Warren township. Both had been named by the committee as hostile witnesses.

Fellow workers left their jobs yesterday when Miss Van Horn and Henley came to work. The company dismissed the two after they distributed leaflets.

In the case of Miss Van Horn, some 30 women with whom she worked accused the company of "trying to break our union" and walked out. Later they went into conference with Dodge local union leaders.

## Thompson Man Seriously Hurt

A Thompson man was in critical condition this morning in the War Memorial Hospital, Sault Ste. Marie, following an automobile accident near St. Ignace Saturday night in which he suffered serious injury. A companion, Margaret Berish of Manistique, was less seriously injured.

State police of the St. Ignace post reported that the man, Newell Hursh, 27, lost control of his car on dry pavement of US-2 twenty miles west of St. Ignace and overturned the car on the highway.

Hursh was admitted to War Memorial Hospital with a crushed skull. Margaret Benish, whose address was listed with state police as 207 New Elm, Manistique, was treated for leg cuts by Dr. Herbert Hamel of St. Ignace and released.

Police reported two other passengers in the car were uninjured. They were two hitch-hiking soldiers stationed at Camp Lukas near the Soo.

The accident occurred at 8:15 p. m. Saturday.

An estimated \$200 damage was reported on Hursh's car.

## Letters To The Editor

### OLD AGE PENSIONS

Dear Editor:  
Editorial of Feb. 22, 1952, on opposes lien law. Thanks to Mr. Arnold T. Rossow who wrote up on the old aged persons. Hats off to you and no truer words were spoken. And every word of it is true. The poor old recipients who must sign their homes over to the state in order to get their lousy little check every month. It's awful to have to part with what you had to work and slave for in your younger days. They had families and hard going to keep a roof over their heads to have to end up by agreeing to forfeiture of their home upon death. So now-days people who do not own any thing are just as well off. Due to the fact they are all equal on pension system pay checks. I know folks who are old and now they have to say: "I am eating up my house we worked so hard to get and keep."

It's a pity how some of our old age recipients have to live due to the fact they get so little to live on. So you, the citizens of Michigan and elsewhere who have old aged parents, put them wise before they sign up for their old age pensions. The imported displaced persons have it nicer than a lot and in fact most of our old aged recipients in America today. Let's remember we will be old some day too.

Sincerely,  
Mrs. Ann Pepin,  
636 North 20th St.  
Escanaba, Mich.

## Extension Course For Teachers Is Planned At Powers

The first extension course in the history of the Powers-Spalding High School for teachers has been established beginning February 18. Over 40 teachers from Delta, Menominee and Dickinson counties have enrolled in Sociology 202 under Professor Pearman of Northern Michigan College of Education. The class will meet 13 consecutive Thursdays in the evening at 5:00 o'clock. The course gives three semester hours of residence credit.

Beginning Thursday, March 6 the Powers - Spalding Parent Teachers Association will furnish a lunch at intermission of the class at a nominal fee.

Also: The second meeting of sewing in Adult Education will be held at the Powers-Spalding High School Tuesday evening at 7:30 o'clock, March 4. Adults are still eligible to enroll. No previous experience is needed. Classes are free of charge.

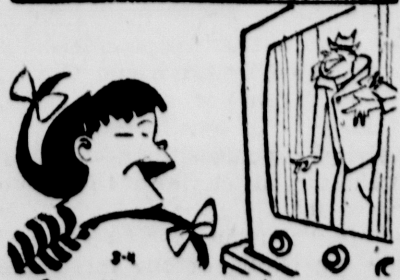

## Roland Baldwin New Stamp Club President

Roland Baldwin was elected president of the Escanaba Philatelic Society at the annual election held on Sunday. He replaces Lester Duncan, who recently resigned because of ill health. Other officers who will serve with Baldwin are Chapman Smith, vice-president and Victor Powers, secretary-treasurer.

The annual dinner meeting at which the officers will be installed will be held late in April.

It is estimated that the average U. S. farmer produces more today in one hour of work than the farmer of 50 years ago produced in two.

## LITTLE LIZ

Sometimes you can learn more by watching the antics of an idiot than by listening to the words of a wise man.

## Kiwanis Shows Will Continue

Directors of the Escanaba Kiwanis club voted Monday to stage another of their popular home talent shows this year, and appointed a committee of five to make preliminary plans for the annual Fall event. On the committee are: Fred Johnson, Harry Gruber, Thaxter Shaw, Clarence Zerbel and Jesse Pomazal.

The directors in their discussion at the meeting Monday favored a variation of the minstrel theme which has been followed for several years, and the production this year will be shaped to provide a more widespread appeal.

A financial report of the 1951 Kiwanis minstrel show was furnished to members of the club at their meeting Monday noon, and various angles of the project were covered in an informal panel discussion. Results of a questionnaire previously submitted to members showed 39 voting for a minstrel show and 27 against this type of performance, but 34 stated that they would help with the staging of a show. Net proceeds of the show last year totalled \$776.31.

## Mrs. Jennie Cox Dies In Sycamore, Funeral Rites Here

Mrs. Jennie Cox, 70, widow of William Cox, and a former resident of Escanaba, died at 7:30 p. m. Monday at Sycamore, Ill., where she had been making her home with a daughter, Mrs. Myra Clendenning. She was ill only two days, her death resulting from a heart attack.

Mrs. Cox was born in Stonington March 12, 1881. She had lived in Sycamore the past 40 years. Her husband died Nov. 30, 1940.

Surviving are two daughters, Mrs. Clendenning and Mrs. Roy (Florence) Wehmeister, Elmwood Park, Ill.; six grandchildren, three great grandchildren and four sisters and one brother: Mrs. Andrew (Nora) Magnuson of Ensign; Mrs. Lulu Moersch of Sycamore; Mrs. Harry (Edith) Gustafson, Ensign; Mrs. Arthur (Esther) Sundstrom, Stonington; and John Stratton, Stonington.

The body will be brought to Escanaba and will be taken to the Anderson Funeral Home. Arrangements for the services will be completed later.

The new 8th precinct in North Escanaba, and a few others are scattered in the 6th and 4th precincts.

**STORE MANAGER—Mrs. Lillian Lindbohm**, who has been associated with Gartner's at Hancock for seven years, is the manager of the Gartner store opening in Escanaba tomorrow.

## Gartner Opens New Shop Here

The newest addition to Escanaba's shopping district, Gartner's ladies' shop at 902 Ludington St., will stage its formal opening tomorrow.

A branch of the large Gartner department store in Hancock, the local shop will deal solely in ladies' ready-to-wear, showing merchandise of the moderate to higher price class.

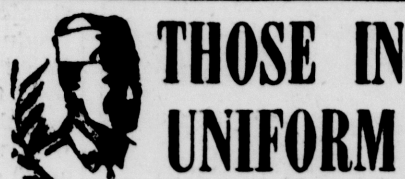

Remodeling of the shop by Contractor Al Brandt of Escanaba was completed today. The shop includes a main show room, an alteration department and two fitting rooms.

Norbert L. Kahn, general manager of the local shop and of the three-floor Gartner store in Hancock, announced that the company's vice president, Theodore Reiss, and comptroller, George Pruner, will be at the store tomorrow to welcome visitors to the grand opening.

**Mrs. Lindbohm Manager**  
Sales staff of the shop includes, besides the local manager Mrs. Lillian Lindbohm, Jean West of the Hancock store, and Mrs. George Grab and Mrs. Marie Woodson of Escanaba.

Gartner's of Hancock was founded in 1887. Isadore Gartner, 82, holds the presidency of the company.

Kahn declared that the opening of a branch store here was stimulated by the favorable impression gained from Escanaba's growth and development through the past few years.

**THOSE IN UNIFORM**  
Cpl. Howard (Bud) Ouellette who has been stationed in Germany the past three and a half years with the Postal Department is expected home on leave in the near future. He is a son of Mr. and Mrs. Edmond Ouellette of Trenary.

## Voter Registration Deadline Saturday

Escanaba citizens have until 8 p. m. Saturday, March 9, to register for the April 7 city council election, City Clerk George Harvey said today.

New registrations are not required of anyone who has voted regularly in either city or school elections.

Notices are being mailed to persons who are affected by changes in the voting precincts, which will become effective for the April 7 election.

About 750 persons are affected in the area which will comprise

## Help Pouring In For Fire-Stricken Families

**MUNISING—Help of "all kinds"** was pouring in today for the relief of 8 families who lost their homes and belongings in a fire which swept away the Commercial Building, an apartment house, Sunday.

Clothing, the item most needed, was piling up in the office of Sheriff Arthur Moote. Pieces of furniture, dishes and food are being offered. And arrangements for housing (a semi-scarce "commodity" here) were being worked out by the Alger county chapter of the Red Cross, the sheriff's department and the heads of the homeless families.

**Red Cross Helps**  
Yesterday Arthur G. Williams, Munising, chairman of the Alger Red Cross chapter, was given the "go ahead" sign by the St. Louis, Mo., regional Red Cross headquarters to find accommodations, food,

clothing and other necessities for the families, which include 30 children.

Yesterday, too, there was a cash contribution of \$20 to the "relief" fund. John H. Oliver, of Escanaba, picked up that sum from various donors along the way in a drive to Munising.

The Munising Lions club will sponsor a screen show at the Delft theater here Saturday morning for the benefit of the stricken families. The admission charge will be any donation of cash, clothing, food or furniture.

Assistance is forming in other parts of Alger county, too. The Trenary Methodist Ladies' Aid is working on a project, and another is underway in Chatham.

Sunday's blaze (which might have been a major tragedy had it occurred during the night) was one

of the most telling—from the human angle—Munising has experienced. The 3-story frame structure was "gone" within a couple hours after an oil stove exploded in the second-floor apartment of Mrs. Dorothy Barker. At the time she was on the third floor of the building "minding" the children of Mr. and Mrs. Ray Perry. Mrs. Perry had given birth to a daughter that morning at Munising hospital.

**Eight Families**  
Residing in the building were: Mrs. Barker and 3 children; Mr. and Mrs. George Higby and 2 children; Mr. and Mrs. Gordon Campbell and 8 children; Mr. and Mrs. Joel Bower and 5 children; Mr. and Mrs. Roy Shepley and 3 children; Mr. and Mrs. Raymond Perry and 8 children; Mrs. Beatrice Johnson, alone, and Sam Morgan, alone.

The youngest of the children was the new-born Perry girl and the oldest was Eva, 17, daughter of Mrs. Barker.

"People and organizations are being extremely helpful in hand-

ling this problem," Art Williams, Alger Red Cross chairman, said. "We have received many things which these families will need, but right now we'll need still more to set these folks back on their feet. We are continuing our appeal for contributions of clothing, canned food, bedding and furniture."

## County Road Group To Attend Meeting

Several members of the Delta county road commission staff are planning to attend the annual Michigan highway conference to be held March 10-13 at Grand Rapids.

Leaving Sunday for the meeting will be Commissioner Elmer Klossell of Escanaba; William J. Karas, superintendent-engineer; George Peterson, assistant superintendent; Algot Gustafson, Wells district foreman; and Mrs. Gretchen Svehla, who will attend the clerk's training section of the conference.

Try a Classified Ad today. "all 692

## Mrs. Emma Johnson Former Resident Of Escanaba, Dies

Mrs. Emma Johnson of Milwaukee, the former Mrs. Emma Breen of Escanaba, died Saturday, March 1, in Grand Rapids where she recently had been making her home with her daughter, Mrs. Bert L. VanderKelen.

Mrs. Breen who was widely known here will be remembered as a member of the sales staff of Ed Erickson Co., now Lauer's for many years.

She leaves the one daughter, one son, Dan Breen of Kansas City, Mo., six grandchildren, and one brother, Atty. John O. Loeffler of Minneapolis.

Funeral services which Mr. and Mrs. Harold Gasman and Mr. and Mrs. L. W. Buckley attended were held Monday at St. Stephen's Church in Grand Rapids and burial was in Rosedale Memorial Park.

## GARTNER'S

for 65 years the Copper Country's leading store for women, announces the

# Formal Opening

of their new ready to wear store in Escanaba —  
**902 LUDINGTON ST.**

**Wednesday, Mar. 5 at 9 a. m.**

This new store will have the full benefit of the many years' experience and contacts that Gartner's fashion buyers have in the women's wear markets of the country. It will bring, for your approval and selection, the finest of apparel fashions and co-ordinated accessories. The store, like the merchandise, is new. It has been arranged, within the limits of its space, to make your shopping easy and pleasant. In addition, we are sure you will like the personnel and the long established policies of Gartner's.

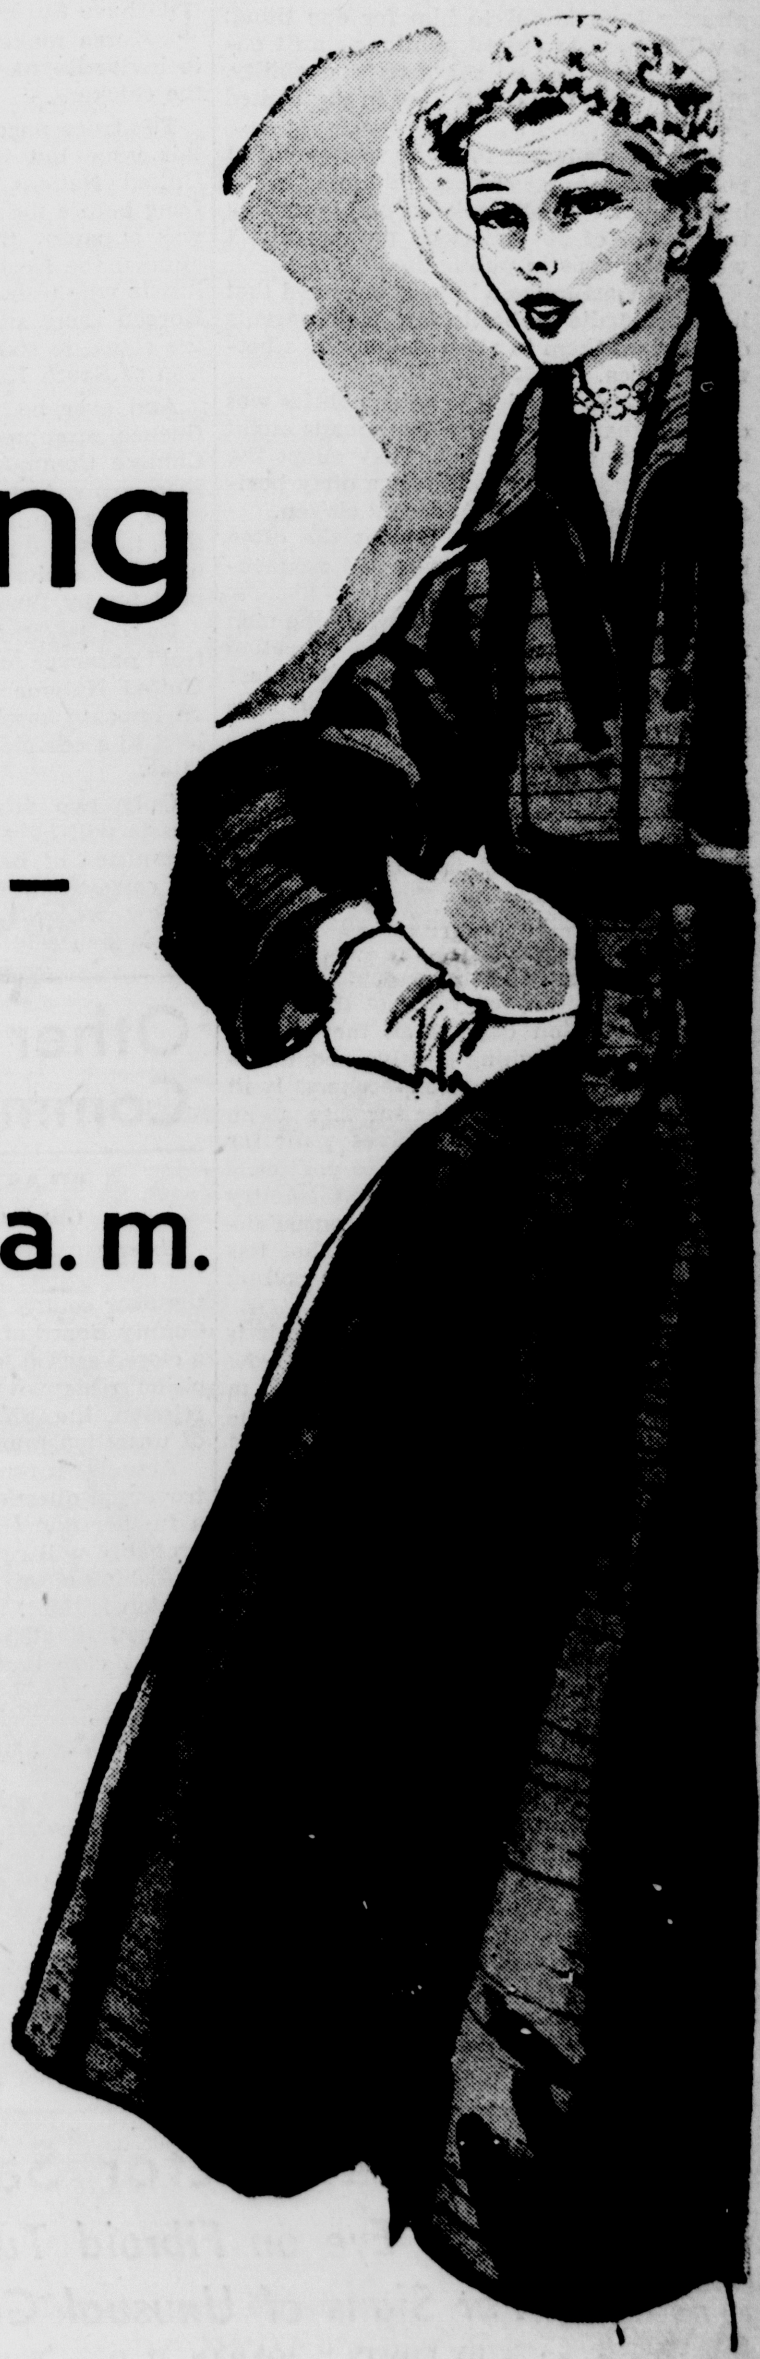

Included in the many lines that will be featured in this store, you will find such famous names as Lassie Maid, Lassie Junior, Paramount, Town Talk Coats . . . Beilinson Originals, International Originals, Zimmet and Topy Dresses . . . Van Houten, Gaynes and Lampl Suits . . . Jantzen, Pendleton, Serbin Golfers, and Trudy Hall Junior Sportswear . . . Hansen Gloves . . . Berkshire Hosiery . . . Artemis Lingerie . . . Costume Jewelry and other accessories. It is easy and convenient to open a charge account at Gartner's.

## Editorials—

### Retiring Councilmen Deserve Appreciation Of Their Services

TWO members of the present Escanaba city council, Sam Wickman and Nevin Reynolds, have announced that they will not be candidates for reelection in the April municipal election. Each deserves acknowledgement of the public's appreciation of their services.

Councilman Sam Wickman is completing his 12th year as a member of the city's legislative body. He has been elected to four-year terms three times and has served as mayor to the city. Presently recovering from illness, Wickman is retiring from public service on orders from his physician.

Wickman has been conscientious and a progressive city councilman. He has made a broad study of municipal problems and has devoted countless hours—without pay—to the interests of his community. The

## Political Corruption

### Fault Of Citizenry

GOV. ADLAI STEVENSON of Illinois may or may not cut a figure in the Democratic presidential race. But we can already be grateful to him for one thing: a willingness to regard politics as a fit endeavor for a man of character and ability. There are too few of his kind in the United States.

Stevenson's father told him to stay out of politics. But Adlai changed his mind when he heard of a public opinion poll recording that seven of 10 American parents didn't want their sons in public life.

It was wartime and he was outraged that boys could die in battle but their parents didn't want them to attempt to make a better America.

Stevenson's decision to enter politics was one that many more able Americans ought to be making but do not. They adopt the stock attitude that "politics is a dirty business" and no place for a decent citizen.

Then, of course, they lament the often low level of political morals and achievement.

How could it be otherwise when the men most fitted by native talent and education decline to assume public responsibilities? When the field is thus abandoned, it falls naturally to lesser men.

The same sort of irony is apparent in the attitude of the American citizenry toward last year's disclosures of city corruption by the Senate Kefauver Committee. The response was one of shock and surprise. "Look at the kind of men who are running our local governments. Isn't it shameful?" was a typical reaction.

But too frequently these same citizens never went within 100 yards of the voting booth on election day, when they had a chance to do something positive about corrupt and incompetent office-seekers. It ill becomes them to evidence surprise at an outcome which they themselves went far to assure by their indifference to politics.

There is not a politician in this country who can stand up against the aroused indignation of an alert citizenry. That has been proven time and again at the polling place.

If venal or weak men hold office, it is because we who have the power to throw them out do nothing about it. No item in the long catalog of excuses is really impressive.

First we need political recruits from the ranks of men who are plainly marked by brains and experience for public life. This means that many who would prefer to do otherwise must bestir themselves from comfortable jobs and pleasant home surroundings and enlist in the service of their country. Not to put on a uniform, but to put on responsibility.

And secondly we need a mature, alive citizenry which will work energetically to elect these qualified men. Again, this calls for effort which constitutes an interference with the well-grooved routines of daily living. But such interruption does not seem too high a price to pay for honest and intelligent government.

If we as citizens are not prepared to do this, and if our able men are not willing to serve, let us stop prating about corruption and incompetence in politics. We are yielding the field to these evils by default, and have no right to expect anything else.

## The Doctor Says . . .

### Keep Eye on Fibroid Tumors For Signs of Unusual Growth

BY EDWIN P. JORDAN, M. D. — Written for NEA Service

There are no startling new developments about fibroid tumors of the womb or uterus, but since a large number of women encounter difficulty with fibroids for the first time each year, this is a subject which deserves repetition.

In fact there are many women who have fibroids and are not even aware of it, but this is no sign for alarm because, unless the fibroids are producing symptoms, they can be safely ignored.

Approximately one in five of all women who reach the age of thirty-five have fibroid tumors. These nodules or tumors may be large or small. They are made up of muscle tissue and connective tissue, the latter being much like the tissue which makes an ordinary scar.

The symptoms from fibroids depend on their location, size and blood supply. The best known symptom is excessive or painful bleeding. Sometimes discomfort or even severe pain in the lower part of the abdomen is the only sign of a fibroid.

One of the most common symptoms is a feeling of weight often accompanied by constant fatigue. Also fibroids can produce bladder or rectal symptoms apparently caused principally by the pressure of the growths. Sometimes fibroids can interfere with conception.

kind of service that he has performed in the community for so many years has helped to make Escanaba a better town in which to live.

Councilman Nevin Reynolds is completing his fourth year as a member of the council. Like his colleague, Sam Wickman, he has devoted many payless hours to the city's interest. It is possible that Reynolds, a young man, may at some later date offer his services again to the community where his experience as a four-year veteran of the council will prove valuable.

The public life of a city councilman has more moments of grief than it has moments of pleasure. The major reward is satisfaction in rendering service to the community. A councilman's job, however, is an extremely important one.

It is fitting and proper that these men receive public acknowledgment of the community's appreciation of the service they have already rendered.

## Soviet Russia Is Not A "Neutral" Observer

TO have Soviet Russia police a truce in Korea makes about as much sense as to invite Reynard the Fox to baby-sit for the chickens.

The truce negotiations may fall down on this issue but it is unthinkable that the United Nations can yield on this point. Long before the war broke out in Korea it was apparent that Russia had masterminded the North Korean strategy. It was Russia who trained and equipped the North Korean army and it was Russia who gave the signal to start the North Korean invasion of South Korea.

And everybody knows that Russian influence prompted the intervention of the Chinese Communists after the North Korean army had been defeated. Furthermore, the equipment, the guns, ammunition, tanks and planes used by the Communists in the Korean war are Russian made, paid for by Russian funds.

Russia has insisted upon being a "neutral" observer to police the truce. And the United Nations have flatly refused. Thus an impasse has been reached which could lead to a complete breakdown in the truce talks.

Only two alternatives remain. Either Russia will have to yield on the point or a committee of belligerents, including Russia, can be named to police the truce.

Now we will find out whether Soviet Russia sincerely wants peace in Korea.

## Other Editorial Comments

### VILAS COUNTY DEER (Marquette Eagle-Star)

Expressing concern over the decline of the county deer population there, the Vilas County Board of Supervisors has voted for a closed season for one year. While the decision rests with the Conservation Commission, the Vilas resolution is indicative of unsettled minds over the deer question.

Actually it remains one of the most controversial questions in the state. It calls for a further appraisal of the situation which probably will result in the commission establishing closed areas wherever deer population is light. This was practiced to some extent last fall when Vilas County had the largest closed area of any county in the state.

The fact remains that Wisconsin still has a large deer population and that in some sections of the state there are more deer than can find sufficient food. There are also sections where, it is probable, the hunting has been too concentrated.

A reasonably good account of the situation will be provided when sportsmen's committees of the various counties hold their annual sessions and make recommendations to the Wisconsin Conservation Commission. After that, the Conservation Commission will be better able to judge what should be done next fall.

## Merry-Go-Round

By DREW PEARSON

SAN JUAN, Puerto Rico—The U. S. Senate has now heard charges from three different senators that Puerto Rico's Georgetown University-educated Governor Luis Muñoz Marín is dictator of that land. The accusing Senators are Brewster of Maine, Butler of Maryland, both Republicans, and Johnston of South Carolina, a Democrat.

Their charges illustrate a new technique in what is supposed to be the most illustrious legislative body in the world—the U. S. Senate. For what the public doesn't realize when it listens to these speeches is that the man behind them is a South Carolina contractor who owes \$1,300,000 in back taxes to the Puerto Rican government.

The Puerto Rican public does realize this, however, and reactions here have been highly prejudicial to the prestige of the U. S. Congress. Whereas Congress is supposed to set the highest moral and legislative standards for the Western Hemisphere, actually the speeches of these three senators are regarded in Puerto Rico as little more than blackmail. In brief, if the Puerto Rican government doesn't forgive \$1,000,000 in taxes owed by L. D. Long, South Carolina contractor, then the U. S. Senate will investigate Puerto Rico.

At a time when we are trying to encourage clean government throughout Pan-America this does not go down well in the Caribbean.

### HOUSING PROJECTS

Meanwhile, L. D. Long of Charleston, S. C., becomes one of the most famous characters in Puerto Rico. It is doubtful whether Franklin D. Roosevelt or Harry S. Truman are better known, though their reputations here are more favorable.

L. D. Long is a likable, hustling contractor who has put up more FHA housing projects in Puerto Rico than any other man in history—housing that was badly needed though opinions differ regarding its durability.

Long and his family have been staunch supporters and contributors to the campaigns of Senator Olin Johnston, who, aside from his current proposal to probe alleged tyranny in Puerto Rico, has been a hard-working and conscientious senator.

Shortly after he began operations in Puerto Rico, Long started to apply northern political techniques to the island and dropped in on Muñoz Marín, then a candidate for governor, with a large wad of greenbacks bulging from his pockets totaling \$25,000. These he offered to Muñoz as a campaign contribution for the popular Democratic party.

Muñoz declined. "Our campaigns do not cost that much," he said. "Besides, if I accepted that much money from one man the voters might hold it against me and I would be defeated."

Long however insisted. Finally Muñoz told him to take the money to the secretary to take the money to the secretary, and they would use the money if they needed it. If not, it would be returned. Long did so. At the end of the campaign—which incidentally elected a native, Muñoz, for the first time in Puerto Rico's history—the money was returned.

### TAX TROUBLE

The trouble over Long's taxes arose when former Governor Jesus Pinero, a Washington appointee, told Long that his petition for tax exemption would be favorably considered. Ex-Governor Pinero has now gone to work for Long. But even so the ex-Governor does not state Long was promised tax exemption but rather that his petition would be considered favorably.

Since then the question of Long's taxes have gone before the U. S. District Court and the U. S. Court of Appeals in Boston. Each decided against him. Though these first appeals were taken to U. S. courts, Long has now gone back to try his hand in the Puerto Rican courts, where the case now stands.

Whether he is right or wrong, Long certainly has been given every right of judicial appeal not usually available in a dictatorship, which he and his Senate friends now claim exists in Puerto Rico.

Meanwhile he has gone over the heads of the courts as dictators sometimes do to try his case in the U. S. Senate—which has left a decidedly bad taste in Puerto Rico.

Furthermore, he has employed certain other techniques not considered good practice in democracies to promote FHA housing in the island.

These techniques recently caused the Federal Housing Administration in Washington to fire its FHA representative in Puerto Rico, Frederick D.A. Carpenter.

### FHA OKAYS

Long has now financed a total of \$51,000,000 worth of houses and apartments through FHA in Puerto Rico and has exhibited a surprising facility for getting FHA okays.

It is interesting that FHA Representative Carpenter informed the Rockefeller group, an organization trying to help the low-cost housing situation in the Caribbean, that only 200 housing units were needed in San Juan. But only four months later the same Carpenter okayed 3,800 housing units for Long to be financed through FHA.

## Into The Past

### 10 YEARS AGO

Bandoneon. Java—The Dutch and their allies drove infiltrating Japanese invaders back seven miles in an important sector and were beating forward in a supreme effort aimed at casting the enemy into the sea.

Marinette, Wis.—A three-story fire destroyed the Northern Hotel here, causing a loss of about \$50,000.

Escanaba—Ruby Nastoff returned from a two-weeks' stay in Milwaukee.

### 20 YEARS AGO

Hopewell, N. J.—Secrecy veiling the Lindbergh mountain home from which kidnappers seized America's most publicized baby was redoubled in a few swift strokes as Col. Lindbergh assisted 20 state troopers in evacuating an area of several miles around the estate and stood ready to meet the ransom demands of the abductors of his infant son.

Escanaba—Mrs. Frank Carter was recovering at St. Francis hospital from a serious operation.

Simple definition of a gag: something that people who pull them need.

## ---And There Was Light

## Pusan Is World's Busiest Port As UN's Arms Gateway To Korea

By DOUGLAS LARSEN

NEA Staff Writer

PUSAN, Korea—(NEA)—As the tempo of the fighting at the front decreased in the past few months, the tempo of activity at this main supply point for the Korean theater has steadily increased.

Today Pusan is the busiest port in the world. In the jammed waterfront area thousands of Korean workers swarm over the scores of ships tied up to the docks, unloading their cargo of war materials directly on to trains for shipment to advanced divisions or to jammed supply points a little above Pusan.

Out in the harbor additional ships are either impatiently waiting to move into a vacated dock or are being unloaded by hundreds of ancient Korean barges. Up the way, apart from the main dock area, ships are unloading thousands of tons of all kinds of ammunition.

It's a place where feverish activity goes on seven days a week, and at night, too, under glaring lights. If total tonnage figures could be revealed they would stagger the imagination. And new docks to increase it are under construction.

Already enough barbed wire has come through Pusan to make a double apron fence completely around the United States. Enough sand bags have been brought in to build a wall two feet thick and four feet high across the wide waist of the Korean peninsula.

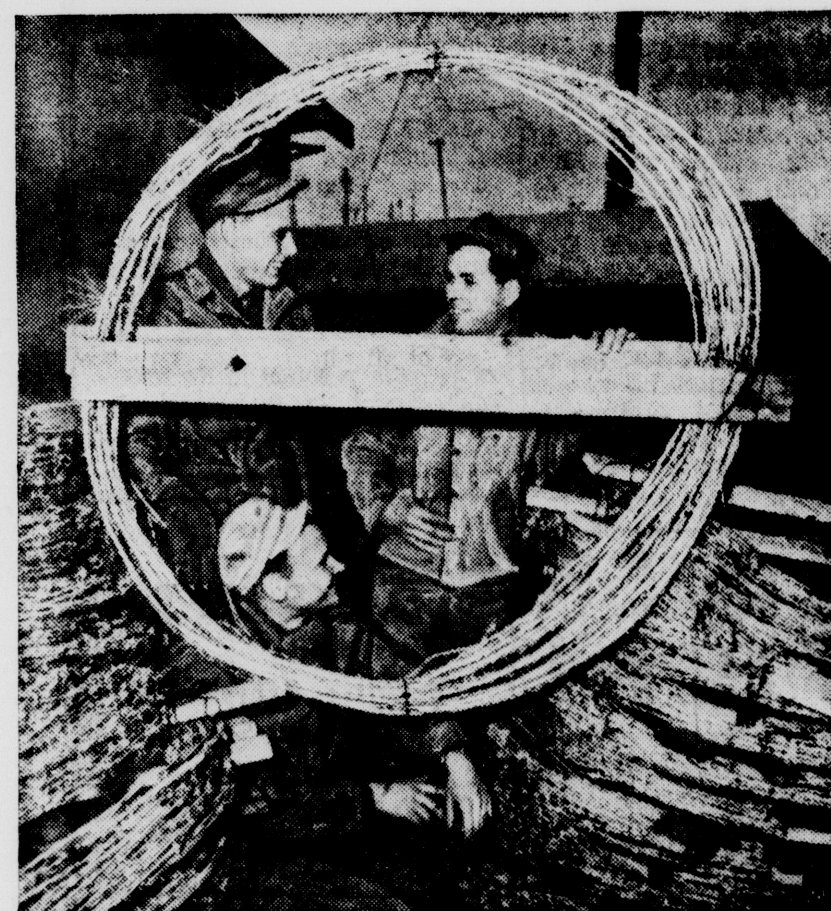

The boss of this whole fantastic operation is Brig. Gen. Paul F. Yount, a round-faced, smiling man who at any one moment can tell you exactly how many ships are in the harbor, the state of their unloading and how many ships are one day out of the port. He is commanding general of the 2nd Logistical Command.

The concept of one major command handling all the supply problems for a complete, major theater of war is new, having been tested only briefly during World War II. In Yount's opinion it's working. He says: "This arrangement gives us a blank voucher for everything we need. We do not have to go around with a tin cup begging for supplies and equipment. In the overall picture we are getting all we want. And I think the forward commanders will bear me out in my claim that we are satisfying their needs."

According to Yount, the items in short supply for the forces in Korea are scarcely worth mentioning. Some standard sizes of tires have been scarce along with the materials for patching tubes. But the backlog on everything else has been steadily building up.

Yount's operation includes control of all Korean railroads. Two main lines, one up the east coast and the other up the center of the peninsula, carry the great bulk of all cargo going to UN forces. Even the trucks issued to advance units are taken up by train. When they are driven up, they need a complete overhaul by the time they arrive, the Korean roads are so bad.

The rail beds and Korean equipment are in excellent shape. Yount claims. A fleet of 35 diesel engines from the U. S. has greatly improved the efficiency of the op-

TWICE AROUND the U. S. could go the barbed wire that has come through the arms entry port of Pusan. Here, Pfc. Duright Bartel, Portland, Ore.; Cpl. Melven Puckett, Milwaukee, Ore.; and Cpl. Whitney Jacques, Barton, Vt., examine a shipment.

eration.

One of the big lessons of Korea, as far as a unified logistical command goes, Yount believes, has been the efficient use of native labor. Classes have been organized for officers and men who work with Korean labor. They learn the Korean language and the best methods of dealing with Korean help.

The policy of the handling of Korean workers has been completely revamped in the last few months. Instead of hiring individual workers, specific jobs are let out on competitive contract to Korean firms. Thus Korean companies are doing all of the hiring, firing and direct supervising. The result is more work out of each man and a generally cheaper price for the job, compared to when the Army hired

the workers individually.

And from the point of view of the Korean workers it is proving more satisfactory. On the Army payroll they used to average 85 cents a day. Now many of them make much more than that under an incentive plan set up by their Korean bosses.

The biggest group of items being shipped into Pusan include petroleum supplies for the trucks, planes and oil stoves of UN forces. It is estimated that enough oil stoves have been sent to the front this winter to provide one for every four soldiers.

Other quartermaster supplies are next, with ordnance equipment third in tonnage. In addition to keeping the Eighth Army in action, the port handles thousands of tons of relief supplies consigned to the United Nations Civil Assistance Command, Korea.

## Honor 4-H Club With New Stamp

WASHINGTON, D. C.—Since the Children's Crusade set out to free Jerusalem from infidels, the world has seen many youth movements. None has been quite in a class with America's 4-H Clubs, whose 50th birthday is commemorated on a new postage stamp, says the National Geographic Society.

At Springfield, Ohio, on January 15, this 3-cent green stamp, special delivery size, made its first appearance. It shows a farm scene, a teen age boy and girl, the four-leaf clover symbol of 4-H, and the Clubs' motto, "Make the Best Better." The first 4-H Club was organized in the Springfield region on January 15, 1902.

From that start the Clubs have increased to nearly 90,000. They now count more than two million active members—boys and girls between 10 and 21. In a half century they have trained more

than 15 million American youngsters.

By Act of Congress, 4-H youth training is placed under the Department of Agriculture. It is supervised by the land grant colleges' extension services and some 9,000 county agricultural and home demonstration agents in all the States. Nearly 300,000 men and women serve without pay in leading the various types of 4-H Club activities.

Support comes also from a growing list of corporations and individual donors. They give awards ranging from scholarships, breeding stock, and farm implements to gold medals, cash prizes, and free trips to fairs and 4-H conventions.

Lower California is rich in minerals and some workings are hundreds of years old.

## Good Evening . . .

By CLINT DUNATHAN

COPPER AND LABOR—The federal government and its political leaders are all working like beavers (or perhaps we should say miners) to increase the supply of copper to United States industry.

The multi-million dollar government loan to open the White Pine copper mine near Ontonagon is one manifestation of the program.

This and that area in Michigan, ranging from industrial Detroit to the rugged hills of the Copper Country, has been declared "emergency" from the employment standpoint—because of dislocations in the production and allocation of metals.

PROBLEM CHILD—Copper still remains the problem child for many manufacturers—such as automobile makers—who have to gear their production to how much of this metal the government will let them have.

The National Production Authority reports some easing of the shortage in copper "in the not too distant future." Certainly the NPA cannot be referring to any immediate supply from the White Pine project. That is a long-term development.

Where will the additional supply come from? Perhaps Senator Homer Ferguson of Michigan and William J. Grede, Milwaukee, president of the National Association of Manufacturers can tell us where to find the answer.

PRICE AND SHORTAGE—Grede calls on the government to take direct action to relieve the shortage by permitting automobile makers to buy copper from Chile at prices above the U. S. ceiling.

Grede says Chile is finding it difficult to locate a market for the 20 per cent of its copper production previously sold in the U. S. for above ceiling price. Auto makers are willing to pay the difference to get the metal—but the government (which is willing to develop White Pine and is ready to move into "stricken" areas with relief programs) is averse to letting manufacturers pay the higher price.

This refusal of the government to act in solving the problem will mean the lay-off of 65,000 auto workers in the second quarter of 1952, who stand to lose 60 million dollars in wages, says Sen. Ferguson.

FROM THE RECORD—The Congressional Record reports a speech of Sen. Ferguson in which he assails the government for a situation which "is one of the most fantastic that has yet been developed in the insane muddle this administration has created."

On Dec. 20, 1951, the International Materials Conference, a group established by the U. S. State Department with the governments of France and the United Kingdom, released allocation figures on copper and zinc. The U. S. was allocated 403,000 short tons for the first quarter of 1952, about the same amount authorized by NPA.

The control of copper available to the U. S. is now "in the hands of this international cartel or trust established by the State Department without congressional sanction," says Sen. Ferguson.

U. S. PAYS THE BILL—The Michigan senator further points out that while the producers of autos in the U. S. could be jailed for buying domestic copper at more than the domestic price of 24½ cents per pound, the U. S. is providing foreign countries with money to buy copper at as much as 50 cents a pound.

Programs of international cooperation should not result in hardship to American workmen who pay taxes that help support international charity, says Sen. Ferguson.

The 3,000 tons of copper denied the auto industry is small in amount to the "hundreds of thousands of tons" bought and given to other countries—yet it will put 65,000 American auto workers out of jobs. Sen. Ferguson is right when he calls the situation "most fantastic."

## Power With Words

By Dr. C. E. Funk

### READERS ASK QUESTIONS

A. F. L'E., Memphis.—Until recent years no dictionary recognized any pronunciation of "acclimatize" than "uh-CLY-mit." But, prompted by some unknown reason, there has been a growing tendency in the United States to throw the main accent of this word to the first syllable—"ACK-li-mate." The tendency has become so strong the modern American dictionaries have been forced to recognize it. Preference is still for the older pronunciation, however. British preference is for the longer word, "acclimatize" (uh-CLY-muh-tize), of the same meaning.

S. O., Kansas City, Mo.—The motto on George Washington's crest, "Exitus acta probat," is Latin and means, "Results justify the deed."

Buffalo, N. Y.—"Please give me some information concerning the expression, 'A Roland for an Oliver.'"—E. J. B.

Answer—The meaning is "action taken to return like for like; tit for tat." The origin of the expression is thus told in Walsh's "Literary Curiosities": "Roland and Oliver were two of the most famous in the list of Charlemagne's twelve peers, and their exploits are so similar that it is very difficult to choose between them. What Roland did, Oliver did, and what Oliver did, Roland did. At length the two met in single combat, and fought for five consecutive days on an island in the Rhine, but neither gained the least advantage. . . . To cap the climax, in the end at the battle of Roncesvalles. . . . Roland was accidentally but fatally wounded by his friend Oliver, who had himself received a death blow, and was blinded by his own blood."

Another writer concludes the account by saying that the various stories of these two heroes became so ridiculous and fantastic that the saying, "A Roland for an Oliver," signified the "matching of one incredible lie with another."

Most women don't go by the newest fashions, says a style expert. They just go by them.

**LABOR RELATIONS COMMITTEE** of the Escanaba Chamber of Commerce which acts as an advisory board for the labor-management relations course at the Senior High School. Committee members pictured are, left to right—Ray LaPorte, John Root, Charles Johnston, Einar Beck, Lawrence Viau, Allan Mathison,

Dale Pelkey, Emil Christianson, Denis McGinn, Chris Nicholson, Elmer Swanson, Lowell Hebbard, Howard Fontaine, R. E. Allingham, John Lemmer, W. P. Schuldes, Fred Courier, Kenton Olson and James Doran.

**LABOR-MANAGEMENT RELATIONS** are studied by Escanaba High School students pictured above with Allan Mathison, instructor. The class is made up of 21 co-op senior students who are also employed in jobs in Escanaba. The course was intro-

duced last semester for the first time and is the only one of its kind in Michigan. All phases of management-labor relations are studied. (Daily Press Photo)

## Labor And Management Problems Are Studied In Senior High Class

A unique course in management-labor relations is being conducted for Escanaba high school co-op students for the first time this year.

The "orientation" course was introduced last September with 24 students enrolled. Present enrollment is 21. The course is conducted by Allan Mathison of the high school faculty.

A free and unbiased study of the relations between labor and management is the objective of the new course, the only one of its kind at present in Michigan high schools.

**Eliminate Misunderstandings**  
Ultimate aim is to provide young people entering jobs with a knowledge of problems and objectives of labor and management, which are often found to be basically very similar. The course is expected to eliminate many misunderstandings concerning the labor-management problems and to teach the young people that there can be harmony between the two groups.

One of the unique features of the course is the advisory service that is available to the class through the Escanaba Chamber of Commerce Labor Relations committee, which with the Trades and Labor council was instrumental in intro-

ducing the course.

**Committee Assists**  
Committee members represent both labor and management and discuss problems that arise from classroom discussions. Availability of committee members as resource persons provides students an opportunity to hear those directly connected with labor and management.

Every attempt is made to present material to the class in an unbiased manner. Controversies arising from the activities of class members, from stories in the newspapers and radio broadcasts are analyzed and discussed in class sessions which meet one hour each day.

The Chamber of Commerce advisory committee is the only one of its kind in the United States, school people here said. Class reactions are being checked closely and it is hoped that the new course will become an even larger factor in the school curriculum.

**Students Are Employed**  
Members of the class are involved in diversified occupational training ranging from automobile mechanic through office workers. Each student spends a half day in school and a half day in on-the-job activity in a closely coordinated program.

Problems arising from the experiences of these students under actual working conditions provides a substantial basis for class studies.

The text used for the class was written by Wesley B. Sibley, coordinator of apprentice training at the Pontiac Senior High school.

**Advertisement**  
**Lost Weight With Rennel Feels Much Better**  
"Rennel Concentrate has made me feel like a new person. I have so much more pep and a return of my natural energy. I lost 10 lbs. on my first two bottles and never cut down on my eating," writes Mrs. A. Kanthak, 3690 Lapeer Rd., Port Huron, Mich. "I am still losing weight. It is really wonderful to eat everything you like and lose weight too."

Obtain liquid Rennel at your drug store, mix with grapefruit juice as directed and take two tablespoonfuls twice a day. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel. Insist on Rennel.

### Rock

**Civilian Defense Meeting**  
ROCK—A civilian defense meeting was held at the Rock high school Friday evening, Feb. 29. Present were Capt. George Soik, operations officer from the Green Bay Filter Center, Pfc. Robert King, assistant, Hagle Quarnstrom, county civil defense director, and E. H. Gibbs, U. P. mobile support commander.

The purpose of this meeting was to bring out the importance of observation posts in this area. These posts form a very vital part in the organized defense against a possible invasion by aircraft. Although no such invasion has ever materialized, it was emphasized that direct measures of defense must be taken.

To cover the entire northern part of the United States observation post must be as frequent as possible.

and Frank W. Dalton, lecturer and teacher trainer, department of vocational education of the University of Michigan. Name of the text is Social and Economic Problems of Democracy's Workers.

Laws governing the worker and his employer are studied not only from the national level but down through the state. All labor laws of a pertinent nature are reviewed—from the Taft-Hartley legislation through the Hittite Act of Michigan which governs employment of minors.

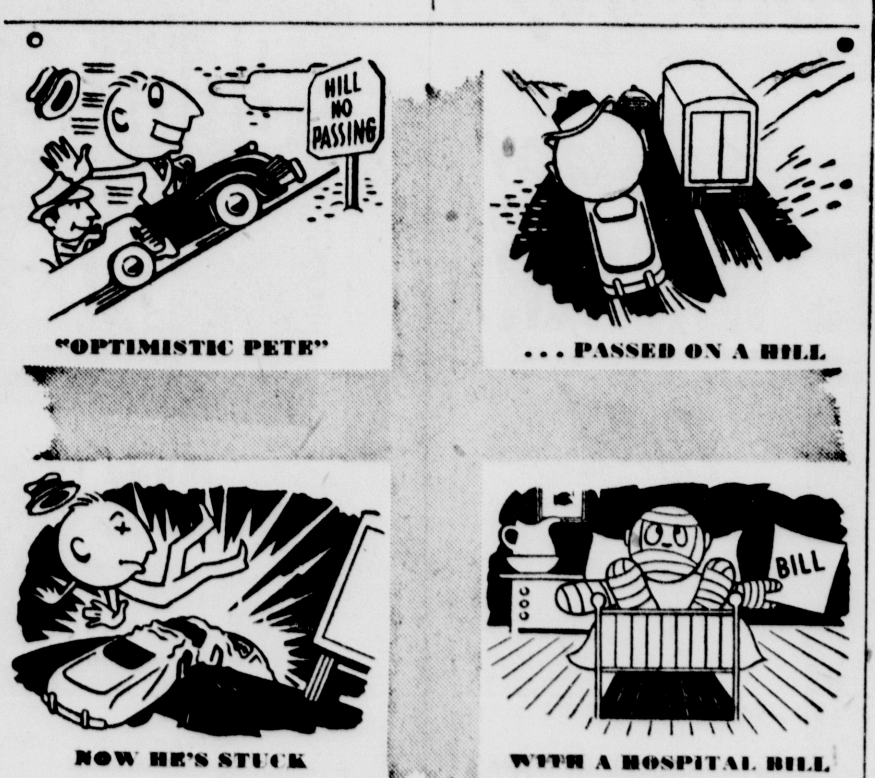

eight miles apart. The work of the observation post is to relay to filter centers information on aircraft flying near that special post. In turn, the filter centers "track" the aircraft on large plotting maps. The "tracks" are then relayed in to air force radar stations where fighters are ordered out if the aircraft are unfriendly.

Observation posts in this area and their supervisors are: Rock, George Weingartner; Lathrop, B. Hansen; Perkins, Gus Klein; Rapid River, Mr. Miller; Trenary, John Webber.

**Briefs**  
Bill Westlund of Rock left Saturday morning to spend the weekend in Milwaukee, visiting relatives. He was accompanied by Mr. and Mrs. Art Stevenson, Jr., the senior Art Stevensons and Miss Shirley Stevenson, all of Perkins.

Oscar Mattila of Rock was admitted to St. Luke's Hospital in Marquette, March 27. Because of his illness his daughter, Miss Helmi Mattila of Chicago was called home. Mr. Mattila has been in poor health for the past year.

The Peninsula Lions held their regular meeting in the Community hall Tuesday evening. The first picture is a one hundred year history of the Detroit area and the second a special military release of the actual use of the atom bomb and a measurement of its destruction.

The Kate's Bay Home Economics club was entertained Thursday night at the home of Mrs. Orill La Bute. A social evening was followed by a tasty lunch.

Two movies "American Portrait" and "Atom Bombing of Japan" were shown at the Community hall Tuesday. The first picture is a one hundred year history of the Detroit area and the second a special military release of the actual use of the atom bomb and a measurement of its destruction.

Mrs. Leonard Joque left Wednesday night for Detroit to be in charge of her brother's store while he is absent for a month.

Mrs. Walter Kreshefske of Van's Harbor and her daughter Lois of Escanaba spent the weekend in Iron Mountain where Mr. Kreshefske, World War I veteran, is receiving medical treatment at the Veterans' hospital.

*Aero-Design and New Hurricane 6 Engine*  
*Give the Aero-Willys Mileage up to*  
**35 Miles per Gallon**

**WARNING**  
Don't drive the new Aero Willys unless you are prepared to be disappointed with your present car.

It's the big car news of the year—this beautiful Aero Willys! For no other car gives you 61-inch-wide seating, front and rear... and a smooth, quiet air-borne ride... and take-off performance... and sensational mileage—up to 35 miles per gallon, with overdrive. It is aero-designed—low and wide, big inside and streamlined from its plane-wing hood to its rear air-fins. It has a new 7.6-compression Hurricane 6 engine, turning up 90 horsepower on regular gas. That's why the Aero Willys is a performing ace, a record-maker on mileage.

See the Aero Willys today—you'll see why it is the most talked-about car of '52. Never before such panoramic visibility—you can see all 4 fenders from the driver's seat, see the road just 10 feet ahead! We invite you to ride in the Aero Willys and experience the cloud-soft cushioning of its unique springing, aero-type shock absorbers and rubber-floated drive. Road-test it and see how its low center of gravity—only 23 inches from the road—holds it steady and sure on curves. See it now—the one that's really new for 1952.

## Katheryn McCauley Wed In Cathedral At Corpus Christi

White callas, gladiolus and stock were combined with white tapers and tiers of emerald foliage as the background for the February wedding of Miss Katheryn Jane McCauley and Arthur Dole HI at the Corpus Christi Cathedral in Corpus Christi, Tex.

The bride wore pearl white satin applied with motifs of shadow lace, her bridesmaids wore identical dresses of sea green net and for the reception that followed at the Corpus Christi Country Club the white and green theme was repeated.

The bride is the daughter of Mr. and Mrs. Charles Francis McCauley of 325 Cole, Corpus Christi and a granddaughter of the late Captain and Mrs. Charles P. McCauley of Escanaba. Mrs. Michael B. Jensen of 602 Lake Shore Drive, is her aunt. Mr. Dole is a son of Mr. and Mrs. Arthur Dole Jr., of Glenwood, Ill.

The couple will be at home in Evanston, Ill., after a honeymoon in Nassau and Hobe Sound, Fla.

### Original of Pearl Satin

The bride's original model was designed with a low waistline and long satin sleeves buttoned to petal points at the wrist. A sheer, shoulder-wide yoke was edged with a high standup collar of shadow lace reembroidered with seed pearls and sequins. Small designs of the lace were applied down the sleeves and front of the bodice to a point at the center of the waistline. Panels of the re-embroidered lace radiated from the center of the very bouffant skirt to the hem and the voluminous skirt billowed into a cathedral train.

The wedding veil of imported illusion cascaded to waist length from a calot of shadow lace over satin. The lace design was retraced in seed pearls. The bride carried a white orchid on a satin wrapped ring showered with fleur d'amour, lily of the valley and satin ribbons in love knots.

### In Green Tulle

Miss Patsy Patee was maid of honor. Bridesmaids were Mrs. Glenn Green of Winnetka, sister of Mr. Dole, Miss Arden Stewart, Miss Leah Langford, Miss Bernice Heard of Refugio and Miss Monica McCauley of Milwaukee, a cousin of the bride.

Their dresses of sea green nylon tulle were designed with shirred bodices and very full skirts of three tiers and were worn with stoles of matching net. Their bouquets were crescents of yellow roses on wrapped satin rings of moss green with showers of miniature ivy leaves and love knotted green satin ribbons.

Mr. Dole's best man was Edward S. DeClerque of Lake Forest and groomsmen were Walter Teninga of Chicago, Gordon Hinners Jr., of Winnetka, James McCarthy, Chicago, Charles McCauley, brother of the bride, and John Madden of Indianapolis, Ind., a cousin of the bride. Robert Wallace ushered.

### At Country Club

Center aisle pews of the cathedral were marked with white callas, with satin bows and huckleberry. Huckleberry banked the chancel rail and side altars were banked with emerald foliage. Matching arrangements of white gladiolus, stock and callas, emerald foliage trees and white tapers graduated upward in tiers to the altar and to either side were floor standards of white flowers.

Reception guests were received by Mr. and Mrs. McCauley and the wedding party in the ball room of the Country Club. The line formed in front of the fireplace. The background was woodwardia fern trees and a mantel arrangement of white gladiolus, carnations and stock. The bride's table with twin coffee tables at either side was at the opposite end of the ball room. Smilax and gardenias decorated the three tables, each covered to the floor in white satin. The smilax and gardenias were arranged at the base of a five branch candelabrum of tall white candles as the centerpiece of the bride's table.

The bride's mother wore a dress of rose beige lace over satin and her flowers were green orchids. Mr. Dole's mother wore a dress of American Beauty shade with a corsage of pale pink orchids.

### Navy and White

When Mr. and Mrs. Dole left for Nassau she was wearing a navy blue suit with navy and white accessories. A short jacket with white pique collar was buttoned with rhinestones and the skirt was pleated all around. Her

## AS WE LIVE

### New Interests Will Cure Grief

By ELIZABETH B. HURLOCK, Ph.D.

(Q) "I am writing for some advice about a very dear friend. He is 49 years old and has never married because he has always had the responsibility of taking care of an invalid mother and two brothers who were in poor health. They have all died now and he is grief stricken because he is all alone. He is well to do but has never had many friends or outside interests because he devoted all of his time to his family. What would you suggest that I do to help him?"—J. F.

(A) New interests are the best possible cure for a grief-stricken person. It is natural that your friend would be despondent now that the responsibilities he has carried all these years are gone.

A good son and brother, he has no reason for remorse for his own sacrifices for his family. He has done all he could do. And he should feel that it was best that they be spared further suffering.

But now, he must pick up the threads of his own life and try to live as happily as possible. This is where you can help him. Here are some suggestions that will enable him to snap out of his grief-stricken state:

1. Urge him to move out of the family home with all its memories. If he continues to live there, every room and every article of furniture will be a constant reminder to him of the past. Advise him to sell or rent the home, put the furniture in storage, and live in a man's club, a hotel, or with relatives or friends until he knows what he wants to do.

2. Encourage him to take an active part in church and community affairs. As he has enough money to be able to contribute some of his time and efforts to outside activities, he will not only profit personally by developing new interests but he will also help others.

3. Introduce him to friends of yours, especially women, and see if you can't interest him in marriage. A widow with partially grown children would be ideal for him as they would bring into his life the fun and pleasure he has been denied all these years.

Dr. Hurlock will help you with family problems. Write her in care of this newspaper.

hat was white straw with navy trim.

Mrs. Dole who was a Corpus Christi debutante of the 1948 Christmas season is a member of Order de Pineda and Girls Cotillion Club. She attended Our Lady of Lake College in San Antonio and received her bachelor degree from the University of Texas at Austin where she was a member of Kappa Alpha Theta sorority. Mr. Dole, a graduate of the University of Michigan is a member of Sigma Chi fraternity.

Those in Corpus Christi for the wedding included Mr. and Mrs. Michael B. Jensen and Robert of Escanaba, Atty. and Mrs. William McCauley and Monica and Mary of Milwaukee, Mrs. Frank Madden and son John of Indianapolis, Miss Gertrude McCauley of Manitowish, and Mr. and Mrs. James Degnan of Escanaba.

## Hyde

### Birthday Party

HYDE—Robert Johnson was honored Saturday evening when a group of friends gathered to help him celebrate his 14th birthday anniversary. At the party were Tommy and Sharon Donahue, Betty Borden, Paul Gardner, Gerald Pepin Jr., Charles Johnson, parents, Mr. and Mrs. Philip Barin, sister, Blanche, and his grandnephew, Robert received many useful gifts. A decorated birthday cake centered the table for the lunch served by Mrs. Johnson.

## It's True: Goldworth Tipped the Soda Clerk a Dollar—and Junior Came Up with a Five-Spot!

# Ruark Favors UMT Decision

By ROBERT C. RUARK  
NEW YORK—It seems to me that the subject of universal military training, by popular demand, should be settled now and for all time, and enough of this horsing around with it for pure, prime political purpose.

There is no useful point in sending the bill back to committee for "further study." There is no single aspect of compulsory military training that hasn't been thrashed to a bleeding pulp. Its goods and its bads have been chewed over by every windbag in both houses of Congress. Its potentials have been explored by the pressure groups and the churches and the parents and everybody with the tiniest tin hatchet in search of a selfish edge.

There is no further purpose to assail it as Fascistic or Communist. Only an outright fool could find the proposition, which is the drafting for mandatory military training of all physically fit 18-year-olds, as anything but an expedient to extraordinary times. Whether the expedient is vital or not contains the only kernel of argument.

**Not "Communist Line"**  
When Rep. Adam Powell of New York gets up to speak against UMT on the grounds that it follows the "Communist line," then his argument must be consciously false or, if not false, heavily smeared with phony. Powell argues at this desperate date that UMT follows four dangerous features of Communism — emphasis on militarism, allegiance to the "militaristic state," suppression of individual conscience, and subordination of truth to the gospel of force.

This is very fine, high-sounding stuff, but complete nonsense in light of the very recent happenings in Lisbon, the NATO meetings during which we just agreed to defend most of the world and pay for it besides. We are committed to a 300-billion-dollar program of arms and men. We are in and have been in a war in Korea.

We still draft men and call back veterans of World War II. Our domestic economy is supposed to be on a semi-war-time basis. The bulk of our vast budget goes for war spending. Our life, by solid commitment, must be a military life until after Soviet Russia is met in either defeat or victory. Until the showdown the only hope of delay is in strength, or so the abler soothsayers tell us.

That being the case, the peace-makers may be blessed, but they are overmuch in the minority, and we might as well sit down and confess that we are a military state, in every sense of the word, and are apt to continue to be one. There is no sense to war and force and maybe not even to materialism, but we are playing a material game and they pay off on stuff rather than nonsense.

No matter whether it is right to take John for a soldier, one way or the other we have been taking him just for that. If UMT is wrong, the draft is wrong. A strong military America is wrong. Korea and the United Nations are wrong. The NATO agreements are wrong. Everything and everybody is our current way of life is wrong—dead wrong.

But if they aren't wrong, if this is the only way we can live, then we damn soon better get it systemized a little better than the half-headed way we've been running it, or we can just go off and gaze on stardust and forget about practicality.

The universal military training program is practical, if taxes are practical, and the defense of America is practical, and a big Army, Navy and Air Force is practical. None of it is ideal, maybe, but they say it's practical. It is certainly as practical as a hit-or-miss draft, which changes monthly in demands and regulations.

Good or evil, necessary or not, it's time for the showdown vote in Congress. The only reason we haven't had it years earlier is that conscripting Junior is political poison, and the valiant souls who

**IN HAPPY MOOD** — Mrs. Eleanor Roosevelt is all smiles as she dons a dopatta presented to her in Karachi, Pakistan, by the All-Pakistan Women's Association. The widow of the late President is on a tour of the Near and Far East.

## Isabella

**Card Party**  
ISABELLA—Mr. and Mrs. William Nedean entertained at a card party at their home Tuesday evening. Mrs. Nick Bonifas, Mrs. Henry Turan and Mrs. Norman Morrison received the awards. The affair was for the benefit of St. Ann's Catholic Church of Isabella.

**Briefs**  
Mr. and Mrs. Leonard Lund of Chicago and Mr. and Mrs. Roy Landis were guests of Mr. and Mrs. Dale Watchorn over the weekend.

Sunday guests of Mr. and Mrs. Alfred Asplund at their home in Cunard were Mr. and Mrs. Arvid Sundin, Mrs. Signe Bonifas and Arlene and Mrs. Judith Strom.

Mrs. George Mayo was called to Manistiquie by the death of her brother-in-law, Ray Besner. Mr. and Mrs. Raymond Nedean attended the funeral services also.

Harvey Sundin, Pete Forslund, Dale Watchorn and William Gouin have returned to Marquette where they are employed after a week-end at home.

The condition of Mrs. John Kalin, a patient at the University Hospital, Ann Arbor, is reported satisfactory.

represent us in Washington do not always court displeasure en masse. As Rep. Kilday of Texas said the other day: "Let's pass it or kill it. If there was ever a proposition that was thoroughly studied, this one has been."

## Trenary

**TRENARY**—Mrs. Donald Leibner and son, Roger, of Cheboygan, Mich. are visiting at the home of her parents, Mr. and Mrs. Vance Davis, this week. Mrs. Leibner is the former Mary Davis.

Mrs. Frank Richmond and Mrs. George Richmond have motored to Chicago, to visit with Betty Richmond, daughter of Mr. and Mrs. Frank Richmond. They will return this weekend.

Jack Flynn, son of Mr. and Mrs. Clarence Flynn, has been released from St. Francis Hospital, where he was a patient this week. While at play, Jack was hit in the right eye with a shot from a BB gun, accidentally discharged by his younger brother, Gary. He is still under a doctor's care.

Mr. and Mrs. Lauri Ollila have returned from an extended tour in the South, visiting with relatives in Georgia, and visiting with friends in Florida.

Mrs. Emil Casimir has been released from St. Francis Hospital, where she was a surgical patient for the past ten days, and is convalescing at home.

### Deanery Meeting

A limited number of members of St. Rita's Guild will attend the meeting of the Marquette Deanery Sunday afternoon beginning at 2 and concluding with a luncheon served by the Marquette members. The following committee was appointed to attend this affair: organization and development, Mrs. E. J. Harris; Cause of Bishop Baraga, Mrs. Frank Bartol; library and literature, Mrs. Carl Christofferson; lay retreats, Mrs. Joe LeDuc; daily mass, Mrs. Emil Casimir; cooperating with the Confraternity of Christian Doctrine, Mrs. Ralph Webber. Mrs. Walter J. McClintock has been appointed chairman of the committee on organization and development by Mrs. Harvard Jean, Marquette Deanery president.

### Garage Fire

A fire destroyed the garage and farm tractor on Clifford Wright's farm early Wednesday morning. The garage also housed a car which the Wrights were able to save.

Captain George Soik, U.S.A.F. training officer, and his assistant, Green Bay, conducted an interesting program Thursday evening at the Trenary High School assembly hall, showing movies of the ground observation and the filter bases in operation. Thirty-five men attended from Chatham, Eben, Rumely, Limestone and North Delta. Supervisor John Webber looks for a large attendance at the next meeting to be held in May.

## Fayette

**Sewing Club**  
FAYETTE—Mrs. Gerald Casey was hostess to the sewing and card club of Fairport Tuesday evening. She served lunch after card play in which prizes were merited by Mrs. Donald Killoran, Mrs. Howard Gierke and Mrs. Lloyd Ranguette.

# St. Ignace Man Arrested Here

Norman Edmund Peaine, 19, of St. Ignace, whose arrest Sunday afternoon in Nahma solved breaking and entering in St. Ignace and Iron Mountain was taken to St. Ignace yesterday morning for arraignment in justice court.

Peaine, alias Norman Edmund Antoine, admitted both breaking and entering and the theft of a car in Iron Mountain to Manistique state police following his arrest. He spent Sunday night in the Schoolcraft County jail.

Informed by St. Ignace state police that Peaine was suspected of breaking and entering a service station there Friday night, Manistique troopers were alerted to watch for a car bearing a stolen Mackinac County license plate. Local troopers also were told that Peaine might visit in Nahma where he is reported to have relatives.

About two hours later Troopers Jack Ebli and Charles Spawr spotted the stolen license plate on a car parked, with motor idling, on a Nahma street. Peaine was in the machine.

**Jailed In Milwaukee**

Peaine admitted to Manistique officers that he had been released from a Milwaukee jail Feb. 19 after serving 10 days for vagrancy. He thumbed a ride to Iron Mountain, arriving there about 7:30 that evening.

About 12:30 the next morning, he told officers, he broke into an Iron Mountain garage where he stole a 1946 Chevrolet coach, four quarts of oil, a new battery and \$2 in nickels.

Enroute to St. Ignace, he admitted, he sold the battery to buy gasoline.

About 1 a. m. March 1, his story continued, he entered a St. Ignace service station where he took five batteries, four snow grip tires, three sets of tire chains, three flashlights, \$4 in nickels and 40 pennies, two jackets, assorted auto tools, a quantity of candy bars and cigarettes, and a 1952 license plate.

**Threw Tire Away**

He left St. Ignace shortly after entering the service station and drove almost to Fairport where he spent Saturday night in his car.

Sunday he sold two batteries to an Ensign service station and one tire at Garden Corners.

Another tire, ditched by Peaine on Federal Highway 13 about a mile north of US-2 was found Sunday afternoon by Hugh Fisher, Nahma conservation officer, and brought to the Manistique state police post.

Stolen property recovered after Peaine was arrested will be returned to its owners, local state police reported yesterday. The items sold by Peaine also will be reclaimed and restored to the owners, they said.

## Social

**King's Daughters**

The King's Daughters of the Bethel Baptist Church held their regular meeting recently in the church parlors. Hostesses were Mrs. Harold Johnson, Mrs. Henry Brolin and Mrs. Henry Larson.

The devotional leaders were Mrs. Ragnar Carlson and Mrs. Robert Oberg. The program consisted of a vocal solo by Mrs. Carlton Hollister; piano solo by Miss Carol Martinson; vocal duet by Miss Marlene Carlson and Miss Carol Martinson; and a reading by Mrs. Harold Carlson. The business meeting followed.

Lunch was served later.

## Briefly Told

**Choir Practice**—The choir of St. Alban's Episcopal Church will meet Wednesday at 6:45 p. m. in the church.

**Choir Rehearsal**—The choir of the Bethel Baptist Church will rehearse in the church Wednesday at 8:30 p. m.

**Golden Star Lodge**—A regular meeting of the Golden Star Lodge will be held at 8 p. m. Thursday at the Engve Johnson home, Indian Lake road.

**Wednesday Circle**—The Wednesday Circle will meet Wednesday at 2 p. m. at the home of Mrs. Schubring, Manistique Heights. Pot luck lunch will be served.

## City Briefs

Mr. and Mrs. Walter Labenz, of Detroit, are visiting at the home of her mother, Mrs. Alma Ekstrom, Range St.

Mr. and Mrs. Ernest Tatrow, of Garden, visited here over the weekend with Mr. and Mrs. Ray Ranguette, N. Cedar St.

Jack Helland has returned to his home in Milwaukee after spending the past two weeks here with relatives.

Mrs. Jules Rivard and Mrs. Ray Ranguette attended the funeral of Mrs. Ida Tatrow in Garden today.

Miss Darlene Burr, of Gladstone, spent the weekend at the Harold Carlson home, 537 N. Houghton Ave., as a guest of Marlene Carlson.

## Globe Trotters Here March 22

The famous Harlem Globe Trotters will play an exhibition game against picked Manistique stars on Saturday evening, March 22, under the sponsorship of the Manistique Quarterback Club, it is announced by L. E. Wilson, president.

Pop Gates, who appeared in a recent movie featuring the Globe Trotters, will accompany the team here, Wilson said. Also on the program will be a floor show featuring an exhibition of fast table tennis.

Organization of a Manistique team to meet the Globe Trotters is under the direction of Pete Berger.

## DEEP GORGE

Idaho's Pass Creek gorge, near Arco, is more than a mile in length and is very narrow. Its almost sheer walls rise 2000 feet and leave only a slender path of skyline above.

## CARD OF THANKS

We appreciate more than words can tell, the kindness of neighbors, friends and relatives, during the recent bereavement, the death of our loved one, John Spielmacher. We are very grateful to Rev. Ronald Bassett for consoling words and other manifestations of sympathy, to those who served as pallbearers and honorary pallbearers, furnished the use of their cars, sent spiritual offerings and all others who aided in so many ways. The memory of these acts of kindness will always remain with us.

Signed:  
The Spielmacher families

# County Tops U.P. In Polio Drive

The final report of the March of Dimes campaign in Schoolcraft County, announced yesterday by Mrs. A. W. Cockram, chairman, revealed that the local chapter topped the Upper Peninsula in per capita collections and ranked third in the district.

The district, with headquarters in Marquette, is composed of 15 chapters in the Upper Peninsula and 15 in the lower.

Total collections in the county amounted to \$2,583.17. Half of this amount will be retained by the local chapter and half will be sent to national headquarters.

Collections throughout the county were reported as follows:

City of Manistique, Mrs. Cockram, chairman—\$1,629.51; Cooks, Ray Ranguette, chairman—\$132.60; Hiawatha, Mrs. Phyllis McRae, chairman—\$214.71; Thompson, Mrs. Harry Hastings, chairman—\$60.11; Seney, Mrs. William Boonenberg, chairman—\$62.53; Doyle Mrs. Edwin Johnson,

chairman—\$174.29; Germfask, Mrs. Clarence Nelson, chairman—\$181.37; Mueller, Mrs. Adeline LaCroix, chairman—\$56.89; Steuben, Mrs. John Grimsley, chairman—\$32.75; Manistique township, Mrs. Elwyn Anderson, chairman—\$38.41.

## Almquist Speaks At Rotary Meet Yesterday Noon

James Almquist, student assistant at Zion Lutheran Church, was speaker at the regular meeting of the Manistique Rotary Club Monday noon, discussing the topic of faith.

He was introduced by Carl L. Carlson, program chairman.

The club also discussed a Rotary Ann dinner and program scheduled for March 17 at the Elks Temple and an annual winter meeting of Rotary clubs April 17 at Nahma.

Escanaba Rotarians will be hosts at the Nahma session. Clubs from Delta, Marquette, Alger and Schoolcraft counties will be represented at the meeting, it was announced by William J. Cook, local Rotary president.

# To Plan Roll Call Tonight

Plans for the annual Red Cross Roll Call in Schoolcraft county will be made at a meeting tonight in the conference room of the First National Bank, it is an-

nounced by Roy E. Anderson, chairman of the Schoolcraft County Chapter of the American Red Cross.

The meeting, scheduled for 7:30, will be attended by a Red Cross field representative.

Goal for this year's campaign in the county is \$2,760, Anderson reported.

There are 13 different minerals regarded as essential in man's diet for normal life and health.

## SKP for calf scours

It's new, it's modern, it's fast

To lick calf scours you need a remedy that takes effect promptly before the calf dies, is stunted for life, or falls prey to some other ailment like pneumonia. SKP, a new Dr. Hess product, gets busy right away. It has a fine record for quick recoveries.

SKP contains sulfathiazole to combat bacteria, kaolin to absorb bacterial toxins and check diarrhea, and pectin to provide a protective coating for the mucous membrane of the intestinal tract. All of these ingredients are used in human medicine.

SKP is not a preventive, but a treatment for that calf with its head down and its back humped. Easily given as a drench. A pint bottle costs \$1 and that's enough to treat a calf.

## In This Corner

With Ray Crandall

The highest scoring basketball player in St. Joe's cage history finished his regular season Saturday night with a 36-point spurge that brought him the individual leadership in U. P. high school circles . . . Pete Kutches is currently leading the Northern Michigan scoring race with an average of 29.6 points per game . . . The other day we asked his coach, Tom St. Germain, to dig up Kutches' all-time record at St. Joe . . . It's just about the most amazing chronicle we've ever heard.

In four seasons of varsity play Kutches has now scored a total of 1,056 points for the Trojans . . . He played in 65 games in four seasons for an all-time average of 16.2 points per contest . . . His high single game output was 51 points, scored this campaign in an early-season game against Gladstone.

Pete broke into the starting lineup on the St. Joe varsity as a five-foot, two-inch freshman at the age of 14 . . . He played in 10 games on the 1948-49 team which won 13 and lost seven . . . He finished the season with 20 points . . . Highest single game total that season was seven against Felch.

In the 1949-50 season Pete added two inches in height and 229 points to his scoring total . . . He played in 19 games and hit a high of 21 points against Munising High School . . . He also had two games in which he produced 20 points.

In his junior year Kutches stretched to five-feet, seven-inches and played in all 20 St. Joe games . . . He was hitting his scoring stride and chalked over 10 points in 17 of his starts . . . His single game high was 37 against Gladstone . . . He finished the season with a total of 334 points.

Kutches moved into the center slot for keeps as a senior this year . . . He reached his all-time high of 473 points in 16 games . . . He has scored more than 31 points in nine different games this season, including his high of 51 . . . Today Kutches is a shade under five-feet, 10 inches . . . When you consider the fact that Kutches turned in many of his best scoring performances with at least two men guarding him his record appears all the more impressive . . . We doubt if there has ever been a high school player in the U. P. with an equal performance chart.

## National Champion Enters Ski Tourney

IRON MOUNTAIN, Mich.—National champion Clarence Hill of Ishpeming, Michigan heads the early entry list for the double-header ski-jumping classics here Saturday and Sunday on Giant Pine Mountain ski slide.

Ishpeming's newest ski-jumping hero was crowned national champion Sunday at Salisbury, Conn., where he outpointed America's best performers.

The two-day event which will draw 90 of the top-flight daredevils in the nation will renew a keen rivalry between Hill and Iron Mountain's young sensation, Johnny Bednarz.

Bednarz was runner-up to Hill in the National meet. The Iron Mountain star defeated Hill for the Central championship at Ironwood several weeks ago, but Hill took the honors from Bednarz in Ishpeming's event.

Iron Mountain's favorite son won first place in five Midwest meets this season and is expected to have an advantage in jumping on his own slide. Both Hill and Bednarz won alternate berths on the Olympic team in tryouts here last year.

Officials here are preparing to accommodate a crowd of upwards of 25,000 spectators who may see the first 300-foot ski leap east of the Rockies. The hill record here is 297 feet.

Officials here are preparing to accommodate a crowd of upwards of 25,000 spectators who may see the first 300-foot ski leap east of the Rockies. The hill record here is 297 feet.

The lithe New York Negro was disqualified between the third and fourth rounds here last night because of his illegal actions in a scheduled 10-round bout against Armand Savoie.

The disqualification produced a first class ruckus among the crowd of 8,334. Fans milled about the ringside, and when several fights broke out among them, three carloads of police were hurried to the forum to stop the brawling.

Officials Huddle

Canadian athletic commission officials went into semi-official huddles and planned a full dress meeting today.

Saddler was suspended by New York State Athletic Commission chairman Robert Christenberry last Oct. 5 as an aftermath of his roughhouse bout with Willie Pep. He was not reinstated to good standing until Dec. 5. Pep's license was revoked in New York as a result of the brawl.

Saddler's handlers were wrathful at last night's decision. Bert Briscoe, Saddler's trainer, said, "We'll win Montreal as a fight town. We'll warn American fighters to stay away from here or they'll get the business."

Warned Before Fight

Referee Tommy Sullivan stopped the fight on orders from Emile Gauthier, president of the Montreal Athletic Commission, who climbed into the ring before the start of the fourth round.

The referee disqualified Saddler for "fouling continually—holding, heeling, hitting on the breaks and sending in low blows."

Saddler had been warned several times by Sullivan in the first three rounds.

Gauthier said he had warned Saddler at the weighing in that he was known as a "dirty fighter" since his bout with Pep.

Gauthier said Saddler told him: "You have no right to talk to me that way."

The scrap itself was largely an off-lying affair as long as it lasted. Saddler weighed 130½ and Savoie 134.

## Eskys Draw Stephenson In B Tourney; St. Joe Faces Bark River Broncos In C

District basketball tournament paths were laid out yesterday afternoon for Escanaba's two high school cage quints.

The Escanaba Eskymos drew Stephenson in the Class B district tourney at Menominee and the St. Joe Trojans were paired with Bark River-Harris in the C tourney at Norway.

Coach Steve Baltic's Eskymos will meet the Stephenson Eagles Friday at 7 p. m. (CST), or 8 Escanaba time, while Menominee and Gladstone square off in the second game at 8:30.

The Trojans of Coach Tom St. Germain also play the first of a twin bill at Norway Friday night. They play the Broncos at 7 (CST) and Norway meets Baraga Parochial at 8:30. In both tournaments the championship game will be played Saturday night.

Escanaba has met Stephenson twice this season with both quints posting a win. The Eagles of Coach Walt Schousen took a 45-43 double overtime win in the first game at Stephenson and the Eskymos copped the second by a 62-34 margin at Escanaba.

The Trojans played Bark River twice in the regular season, posting lopsided victories both times. St. Joe won 68-31 in the season opener and repeated 85-39 on Jan. 26.

Among other district Class B pairings in the U. P., Ishpeming will face Calumet and Negaunee meets Hancock at Negaunee. Manitowish takes on Newberry and Marquette tackles Sault Ste. Marie at Manitowish.

Menominee enters the district on the Maroon floor with the best B record in the tourney. Coach Bob Noonan's Maroons have won eight and lost five in B play. Escanaba has six Class B wins. Stephenson two and Gladstone one.

St. Joe Girls Top Stephenson 45-32 In Final Outing

The St. Joe girls basketball team closed the season last night with a 45-32 win over Stephenson at Bonifas gymnasium.

Margie Rademacher and Sue Brunelle led St. Joe with 19 and 18 points on the scoreboard.

The St. Joe 7-8th graders won the preliminary game.

## Kentucky Tops In Final Cage Poll

NEW YORK—(AP)—The Kentucky Wildcats can add another honor to their bulging collection today.

Coach Adolph Rupp's beauties from the Blue Grass country have been named the top college basketball team in the nation for the third time in four years in the final Associated Press poll.

The Wildcats latest laurel came hard on the heels of their ninth straight Southeastern Conference championship and a 44-43 victory over Louisiana State in the conference tournament that boosted their winning streak to 22 games. Kentucky is after one more trophy, the NCAA championship.

The Wildcats previously finished at the head of the class in the AP poll in 1949 and 1951. Bradley interrupted the streak by winning in 1950.

## Breaks Tie To Win Golf Meet

BATON ROUGE, La. — (AP)—For 91 holes it looked like the inaugural \$10,000 Baton Rouge Open golf tournament would never end.

Then in a driving rain, poked-faced Jack Burke Jr. propelled a ball over a flooded green to break the deadlock, and the sudden death extra playoff, and win his third straight major tournament in three weeks.

The tournament was supposed to end on Sunday. But at the end of 72 holes three pros — Burke of Houston, Tex., Bill Nary of Albuquerque, N. M., and Tommy Bolt of Durham, N. C., and Houston — were tied with seven under par 281s.

An 18-hole playoff was held yesterday, but the trio was still tied with two under par 70s. Then came the sudden death playoff. That's where the first guy who wins the first hole takes first prize money.

On the 19th, Bolt dropped by the wayside when he fell short with a six-foot putt. That left it to Nary and Burke, and the little Texan with the deadpan face birdied the 20th with a 20-foot putt to take first prize.

Escanaba has met Stephenson twice this season with both quints posting a win. The Eagles of Coach Walt Schousen took a 45-43 double overtime win in the first game at Stephenson and the Eskymos copped the second by a 62-34 margin at Escanaba.

The Trojans played Bark River twice in the regular season, posting lopsided victories both times. St. Joe won 68-31 in the season opener and repeated 85-39 on Jan. 26.

Among other district Class B pairings in the U. P., Ishpeming will face Calumet and Negaunee meets Hancock at Negaunee. Manitowish takes on Newberry and Marquette tackles Sault Ste. Marie at Manitowish.

Menominee enters the district on the Maroon floor with the best B record in the tourney. Coach Bob Noonan's Maroons have won eight and lost five in B play. Escanaba has six Class B wins. Stephenson two and Gladstone one.

St. Joe Girls Top Stephenson 45-32 In Final Outing

The St. Joe girls basketball team closed the season last night with a 45-32 win over Stephenson at Bonifas gymnasium.

Margie Rademacher and Sue Brunelle led St. Joe with 19 and 18 points on the scoreboard.

The St. Joe 7-8th graders won the preliminary game.

## Kutches Lands Berth On All-State C Team

Pete Kutches, St. Joe's high-scoring pivotman, was honored with an all-state Class C basketball first team berth in the 1952 Detroit Free Press selections released this week.

Kutches, who has the top scoring average in the Upper Peninsula and is second high in the state, was one of three U. P. players so honored. Terry Thompson of Ishpeming made the first team in Class B and Gerry Erickson of Gwinnett made a Class D berth.

Jim Heiden, Escanaba High School's outstanding guard, received honorable mention in Class B. Norbert Purol of Ironwood St. Ambrose was placed on the Class C second team and Lowell Johnson of Negaunee on the Class B second team.

## Hawks, Knights In Hockey Wins

A tight clash and a free-scoring battle marked play in the Delta County Junior Hockey league last night.

In the opener the Southside Knights edged the Gladstone Falcons 2-1 with Harlon Pepin and Leon Mileski scoring in the first and second periods for the winners. Jim Smith hit the Falcon goal in the third.

The Escanaba Junior Hawks, who have scored 31 goals in their last three starts, took a 10-5 verdict over the Wells Rockets in the second game.

The Hawks took a 4-0 lead on scores by Bill Buckland (twice), Dave Mileski and Gerald Hanson. Breitman and Ray scored twice for the Rockets and Delo once, but the Wells sextet was never able to catch the Hawks.

Buckland and Mileski scored three times each for the Hawks. Bill Rodman scored twice and Wayne Olson and Gerald Hanson once each.

Remainder of the league play-offs was announced today as follows:

The Spartans-Wells winner tonight will play the Little Falcons Saturday at 8:30 at the indoor rink. The winner will play the Northtown Jets-Northtown Rockets winner Saturday at 1.

Tomorrow night at 8:30 the Wells Red Wings meet the Southside Knights at 8:30 and the Junior Hawks play the Cornell Blue Links at 8.

Winner of the 6:30 game meet the Gladstone Falcons at 7 Thursday night.

Finals in the Delta Junior league will be staged Saturday at 10:30.

## Indiana Edged By MSC Quint

BLOOMINGTON, Ind. — (AP)—Indiana refused three free tosses in the last minute after breaking the tenth tie of the game to edge past Michigan State 70-67 in the Big Ten basketball windup for both teams last night.

The lead changed hands at the end of each quarter with the Spartans unfortunately drawing the first and third quarter for their turn at the top.

Michigan State thus finished fifth and Indiana fourth in the Big Ten standings.

## Illinois Clinches Title In Big Ten Conference

CHICAGO—(AP)—Illinois, the nation's No. 2 team, won the Big Ten basketball title and an automatic chance for the NCAA championship by defeating Northwestern last night while Wisconsin upset Iowa.

The conference race, a two-team affair most of the way, ended suddenly and surprisingly as Wisconsin bumped Iowa on the Hawkeyes home court 78-75 while Illinois powdered the Wildcats at Champaign, Ill., 95-74.

Illinois' total of 95 was high for the team this season. Sophomore center John (Red) Kerr, playing only a full three quarters, poured in 34 points—the Illinois' top individual mark of the campaign.

12th Win

It was Illinois' 12th conference win against one defeat and clinched the undisputed Big Ten title for the second successive year.

Iowa's loss was its third, closing its season with an 11-3 mark for second place.

Illinois invades Wisconsin Saturday to end its regular schedule. Result of the game will have no effect on the standings.

Illinois will enter the four-team,

## Amateur Boxers Clash In State AAU Tourney

DETROIT — (AP)—Golden Gloves boxers, representing the cream of Michigan's amateur fighting talent, clash here tonight in the first state AAU tournament.

The winner of the main event in each of the eight weight divisions will represent Michigan at the national AAU tourney in Boston April 7-9 and compete in the Olympic trials at Toledo in June. This is the first time since 1941 that the state has sent a team to the national AAU meet.

## Red Wings Need One More Win

DETROIT—(AP)—Just one more victory stands between the Detroit Red Wings and their fourth National Hockey League title in a row.

A third period spurt gave the Wings a 3-2 decision over the Chicago Blackhawks last night with both the tying and winning goals coming in the last stanza.

Now Detroit, with a 17-point lead over second place Montreal, only has to beat Boston here Thursday to take the crown. Or a Montreal loss to Toronto tomorrow could sew the title up for the Red Wings.

Former Red Wing Harry Limley made it tough for his teammates last night, treating them and the 10,209 fans to a mastery show of net-minding. He made 44 saves, time after time robbing the Wings of what looked like certain scores.

Meanwhile the Blackhawks chalked up a 2-0 lead in the first 22 minutes, on Al Dewberry's late first period counter and a 25-footer by Jimmy Peters to open the second.

Rally In Third

Then the Wings got going on Metro Prystai's whizzing 25-foot blast on Marty Pavelich's pass.

The Wings rallied in the third with a drive winding up in Pavelich's score-tying 10-foot marker. The goal, breaking a long slump for Pavelich, delighted him so much he faced the red scoring light and bowed deeply for several seconds.

Red Kelly then got out in front for the winning goal, shot in during a goal mouth melee that kept Lumley scrambling. Detroit goalie Terry Sawchuk made fine saves of two desperate goal line shots by Bill Mosienko in the last 20 seconds.

Gordie Howe of Detroit was handed a 10-minute misconduct penalty for arguing a decision by Referee Bill Chadwick.

## Illinois Clinches Title In Big Ten Conference

CHICAGO—(AP)—Illinois, the nation's No. 2 team, won the Big Ten basketball title and an automatic chance for the NCAA championship by defeating Northwestern last night while Wisconsin upset Iowa.

The conference race, a two-team affair most of the way, ended suddenly and surprisingly as Wisconsin bumped Iowa on the Hawkeyes home court 78-75 while Illinois powdered the Wildcats at Champaign, Ill., 95-74.

Illinois' total of 95 was high for the team this season. Sophomore center John (Red) Kerr, playing only a full three quarters, poured in 34 points—the Illinois' top individual mark of the campaign.

12th Win

It was Illinois' 12th conference win against one defeat and clinched the undisputed Big Ten title for the second successive year.

Iowa's loss was its third, closing its season with an 11-3 mark for second place.

Illinois invades Wisconsin Saturday to end its regular schedule. Result of the game will have no effect on the standings.

Illinois will enter the four-team,

## District Tournament Play Opens In Rapid River Wednesday Night

RAPID RIVER—District basketball tournament play opens here tomorrow night with three games involving four Class D teams and two E quints.

Opening game will pit Carney against Daggett at 6 o'clock in a Class E first round clash. At 7:30 Rock takes the floor in Class D against Engadine and the host Rapid River Rockets meet Cooks in the windup at 9:30 in the second D game.

Carney will be seeking to turn the tables on Daggett which won when the two teams met in regular season play.

Rock and Engadine did not play during the past season.

Rapid River enters the tourney with a pair of previous victories over Coach Bob Thibault's Cooks cagers. Coach Norman Slough's Rockets won 55-45 and 70-40.

Six Class D and six Class E teams will be in action here Wednesday through Saturday night. On Thursday night Hermansville meets Trenary at 6 o'clock in class E, the Rock-Engadine winner plays top-seeded Vulcan at 7:30, and the Rapid River-Cooks win-

ner faces bottom-seeded Powers in class D at 9.

On Friday the Daggett-Carney winner goes against top seeded Nahma at 7 and the Hermansville-Trenary victor meets bottom-seeded Perkins in Class E at 8:30.

Class E championship game is at 7:30 and the D crown will be decided at 9 on Saturday night.

Tourney officials are Chauncey St. Germain, Evan Kelly, Bill Mitchell, of Marquette; Ely Enger of Kingsford, and Elmer LaCasse, Stephenson. Tournament manager is Ralph Nelson, Rapid River.

## Hawks Set For Playoff Series With Pioneers

FINAL N-M STANDINGS

W L T Pts GS GA

Portage Lakes 16 6 2 34 167 114

Calumet-Laurium 11 11 2 24 105 110

Escanaba 9 13 2 20 128 130

Marquette 9 15 0 18 138 168

N-M PLAYOFF SCHEDULE

Tonight

Marquette at Calumet.

Tomorrow Night

Escanaba at Portage Lake

Thursday Night

Calumet at Marquette.

Friday Night

Portage Lake at Escanaba.

Saturday Night

Marquette at Calumet (if necessary).

Sunday Afternoon

Escanaba at Portage Lake (if necessary).

Escanaba's fighting Hawks clinched third place by defeating the Marquette Sentinels, 83, last week and wound up only four points behind Calumet in their second season of competition in the fast Northern Michigan Hockey league. Final standings were released today by E. J. Schumacher, of Houghton, league president.

Their outstanding showing of the scheduled season was their success against the defending champion Portage Lake Pioneers. Escanaba beat Portage Lakes three times and tied them once for the best showing of any team in the league against the champions.

The Hawks are pitted against Portage Lake in the best-of-three playoffs starting tomorrow night at Houghton's Dee Stadium. Portage Lake will play in Escanaba at 9 this Friday night. A third game, if necessary, will be played in Houghton next Sunday afternoon.

The Pioneers are doing their utmost to scare the Hawks out of

the series, but the Escanabans don't scare easily, as evidenced by their hard-fought 6-3 loss to Portage Lake Sunday afternoon in the final scheduled game of the season.

The Hawks were shorthanded since Jerry Tagliabracce and Rusty Hiltunen did not make the trip, but with Mark and Ted Olson, Guy Poce and the ever-reliable Ben Artwich leading the way, Escanaba stayed in the thick of it all the way. Every man on the team, however, will have to go all out if Escanaba is to chalk up a win against Portage Lake in Houghton tomorrow night.

If the Hawks are able to achieve a win in Houghton tomorrow, that would set the stage for Escanaba gaining a finals berth against the Marquette-Calumet winner with a victory here Friday. If they lose, they'll still be in the thick of it, however. A win here Friday would tie the series at 1-1 and leave everything up to the sawdust game in Houghton next Sunday afternoon.

Coach Mark Olson, who came out of the Sunday fracas with a five-stitch forehead cut but is still raring to go, announced this morning that Burt Petaja will be here for the playoffs, against Portage Lake. Teaming with either Mark and Ted Olson, who also got a forehead cut in Houghton Sunday, or John Cortopassi and Guy Poce, Petaja will give the Hawks an extra offensive and defensive punch that may put them over the semifinals hump against the Pioneers.

Neutral referees will be used in the playoffs. Schumacher said he was unable to obtain the services of out-of-league officials from the American or Canadian Soos, but that Jacob "Muta" Musich of Calumet will work the Escanaba-Portage Lake series, and Mort Croze of Houghton will call the Marquette-Calumet series.

There will be three officials in all for each game, which should assure a well-called affair. In addition to the neutral

referee who will be the only man on the ice with authority to call penalties, each team will furnish a linesman who will call only offsides. The Escanaba linesman will park himself on the Portage Lake blue line, and the Portage Lake linesman will station himself on the Escanaba blue line.

Fans interested in seeing the game in Houghton tomorrow night are reminded that the opening faceoff will be at 8:15 Eastern Standard time (Escanaba time).

Reserved seat tickets are now on sale at Gust Asps' for the second round playoff game here Friday night. Season ticket holders are reminded that season tickets are not good for the playoffs, but they will be privileged to reserve the same seats they occupied during the season.

Three sections on each side are being reserved for the Friday night game. The game will start at 9 o'clock instead of 8:15 to accommodate Friday night shoppers and persons enjoying the customary Friday night fish fry dinners.

James Rattray of Gladstone will replace Mel Bertrand of Escanaba as the Hawk official in the playoff games.

# Kircher Inherits Mighty Grid Fortune As Coach At Washington State College

By JOHN McCALLUM  
NEA Staff Correspondent  
NEW YORK—(NEA)—When Forest Evashevski, football coach in chief, suddenly dumped Washington State for less promising Iowa forces in January, he left genial Al Kircher, formerly of Gladstone, Mich., friend and successor, the mightiest grid empire created in the Palouse hinterland in 20 years.

The 1952 Cougars, you see, are being picked as the best equipped to turn up in the Rose Bowl. They're saturated with talent.

It seems strange that Evashevski should quit at the threshold of glory, sack a juggernaut he had patiently nursed and coddled and tutored so skillfully.

It's like a producer of a Broadway smash hit just up and selling out during the second act.

The old Michigan All-America blocking back resigned the Pullman post when the Washington State hierarchy refused his growing demands, which included control of the entire athletic policy and a free hand in the budget.

Evashevski's five-year contract still had three years to go. He was getting \$12,500. Iowa starts him out at \$15,000, also runs for

five years. Evashevski's abrupt departure split the Cougar alumni into two hostile camps. Indignant school authorities charged that the 33-year-old strategist wanted to run the team, athletic council, the regents and the college.

Alums angrily retorted that the school muffed the pigskin by losing an operative who had sent its prestige sky-rocketing to all-time heights. The Cougars won seven out of 10 last trip, best run since 1930.

## Kircher Gets Support

Washington State made a slick move by immediately reaching out and grabbing Kircher. Whatever disappointment and shock was felt by the Evashevski incident quickly changed to solid support for the new boss.

Kircher originally was ticketed to follow Evashevski to Iowa as backfield coach, a position he handled so proficiently at Pullman. When word leaked out that he, too, was leaving, alumni swamped him with telegrams, urging him to stay on as head coach.

Team delegates were elected to see him daily. The faculty appointed a special committee to encourage him to take the post. Numerous groups from all over the Pacific Northwest visited the campus to join the campaign.

They think a lot of the one-time Michigan State football, basketball and baseball star out there.

Kircher inherits the finest material in Washington State history. The Cougars have 20 lettermen re-

turning, 12 seniors and eight juniors. Stickouts are Captain Don Steinbrunner, All-America blocking end; Ed Barker, the brilliant wingman who established a new national pass-catching mark with 47 completions for 864 yards and nine touchdowns; and Bob Burkhardt, deadly aerialist who tossed 15 touchdowns for a new conference record last fall.

## Four All-Staters

In addition to these, Kircher has four all-state backs coming up from the frosh—Milt Purnell, Gary Sanbilla, Jerry Corrigan and Frank Lancaster.

Then there's Rudy Brooks, a 190-pound halfback who peels off the 100-yard dash in 9.7, scored 16 touchdowns for Napa Junior College in 1951.

Ponderous Howard McCants, junior tackle from River Rouge, Mich., illustrates what Kircher will have up front. The six-foot-eight, 245-pound Negro is a one-man team. When word leaked out that he, too, was leaving, alumni swamped him with telegrams, urging him to stay on as head coach.

Which makes Evashevski's quitting all the more difficult to understand.

## Wolverines Out Of Cage Cellar

ANN ARBOR, Mich. — (AP)—Michigan's basketball team brushed past Purdue, 68-60, last night and thereby managed to stay one step out of the Big Ten cellar.

Except in the first quarter, Michigan was in command of the battle of the tailenders. The first stanza ended 17-16 in favor of the Boilermakers. They increased the margin to 21-16 before Michigan caught up at 27-all.

Forward Jim Skala, playing his last game for the Wolverines, played a vital role in the Michigan rally. He got 23 points for top scoring honors before going out on five personal fouls, Michigan lost center Milt Mead the same way.

Hank Greenberg, general manager of the Cleveland Indians, is the last American League to hit 50 homers a season. He hit 58 in 1938.

Ty Cobb led the American League in stolen bases six times. In 1915 he stole 96 bases for the Detroit Tigers. He led the hitters 12 times.

on Tommy Byrne, hard-throwing Brown lefthander.

## LIKES CROWE

BRANDENTON, Fla. — (AP)—Manager Tommy Holmes of the Boston Braves is impressed with the all-around ability of George Crowe—the big Negro rookie first baseman.

Crowe, who hit 339 for Milwaukee last season and 336 in the Puerto Rican Winter league, belted some long balls in his first training drill yesterday.

## JOIN CHISOX

PASADENA, Calif. — (AP)—Chicago White Sox Manager Paul Richards today called in the five pitchers and a catcher left in El Centro last Friday for additional drills.

PAUL BEGOVAC, young baseball hurler from Trenary who tossed in the Bay de Noc league last summer, has been signed to a professional contract in the Washington Senator's farm system. Begovac attended the Jack Rossiter Baseball school for a five-week course starting Jan. 4 and was one of 205 athletes in the course who signed contracts recently. The former Trenary star is shown above with Rossiter.

## Training Camp Briefs

**HINTS TRADE**  
PHOENIX, Ariz. — (AP)—Manager Leo Durocher of the New York Giants hinted today that catcher Ray Noble may be traded. The Giants have three catchers—Wes Westrum, Sal Yvars and Ray Katt, in addition to Noble, and probably would be willing to trade him for a left-handed pinch-hitter.

**DODGER INJURIES**  
VERO BEACH, Fla. — (AP)—Injuries are hampering the Brooklyn Dodgers' conditioning program.

Catcher Roy Campanella, the National League's most valuable player in 1951, is sidelined indefinitely with a sore thigh. Second baseman Jackie Robinson has a sore shoulder and pitcher Ralph Branca is suffering from asthma.

**YANK ROOKIES**  
ST. PETERSBURG, Fla. — (AP)—Rookies Andy Carey and Jim Bredeweser, and Billy Martin figure prominently in New York Yankee Manager Casey Stengel's plans. Carey will be given a full crack at third base. If he wins it, Gil McDougald will shift to second. If Carey fails, Martin and Bredeweser will battle it out for second base with McDougald returning to third.

**FIRST SORE ARM**  
WEST PALM BEACH, Fla. — (AP)—Big Carl Scheib had the dubious honor today of being the first sore-arm pitcher in the Philadelphia Athletics training camp. He hurt his elbow breaking off fast curve balls during batting practice.

**CAN'T GET HOOT**  
TUCSON, Ariz. — (AP)—Cleveland General Manager Hank Greenberg, still casting around for a good outfielder, just about gave up today on the idea of getting an Indian uniform on De-

troit's Hoot Evers. "Evers has been looking awfully good," Red Ruffing, who has been scouting around the Florida camps for Hank, reported from Lakeland, Fla. The Gim-mick: The Tigers have decided to keep him.

## SIGN OR ELSE

SAN BERNARDINO, Calif. — (AP)—Pittsburgh Pirate officials say pitcher Jim Walsh will be placed on the waiver list if he does not accept his 1952 contract today.

The veteran righthander is classed as a definite holdout. He is being offered some \$10,000. Meanwhile, the Pirates signed pitcher Murry Dickson, 20-game winner last season, for a reported \$25,000.

## UMP LENDS AID

BURBANK, Calif. — (AP)—Lectures from umpires are normal during the regular season, but the St. Louis Browns had one yesterday as part of spring training. Bill Summers of the American League who will call plays during Browns' exhibition games, spent the morning showing southpaw hurlers Tommy Byrne, Gene Bearden, Hal Hudson, Bill Kennedy and Lou Slesater how to correct their motion toward first base, thus preventing balks.

## BIG PACKAGE

ORLANDO, Fla. — (AP)—The St. Louis Browns, studying Washington's roster here for trades, might be interested in a package deal involving a half dozen of the players. Bill Dewitt, Brown vice president, is talking to Clark Griffith, Washington owner. Dewitt told reporters he might go for a bulk swap of five or six Washington players, possibly including infielders Eddie Yost, Cass Michaels or Irv Noren. Griffith reportedly had an eye

## RC Solicitors Are Announced

Many of the solicitors who are canvassing the residential section of the city during the current Red Cross drive were announced yesterday.

Among them are the Mmes. Paul Creten, Peter Schram, August Feldt, Hildagard Anderson, Wyndand Nieuwenkamp, Archie Swanson, Al Brusoe, Cliff Kinnie, Zola Beauchamp, Marvin Olive, Roland DeMars, John Kagel, Hattie Green, Jack Ridings, John Hayden, Bernard DeHooghe, Milburn Nolan and Lyle Kennedy.

Harry VanDonsel, Vincent Wilbee, Gale Wescott, Charles Hoffos, C. B. Fitzpatrick, Bernard Prusak, B. R. Micks, Joseph Schoenberger, James Damitz, John Broeshart, S. W. Heslip, Rayne Gagnon, Tom Hite, Hilding Norstrom, Robert Tryg, Ed Chroge and Carl Sundling.

Several lists of workers have not been completed and names of the persons on these lists will be announced later.

## Social

### Mary's Party

Mary Ebbeson entertained a group of friends Saturday afternoon at the home of her parents, Mr. and Mrs. Robert Ebbeson, 1015 Minnesota avenue, the occasion being her 7th birthday anniversary.

Pink and blue decorations were used and the birthday cake was attractively iced in the same colors. Games were played during the afternoon and prizes awarded the winners. Mary received many nice gifts as mementoes of the occasion.

Present at the party were Nancy Goodman, Tommy Hite, Charles and Gail Norquist, Pamela Artley, Judy Burroughs, Katherine DeHooghe, Rita Rivers, Dianne Creten, Alice Mae Johnston, Roger, Ricky and Jerry Ebbeson, cousins of Mary, Mary's sister Susan and Margaret Sundling.

## Grand Marais

### Pinochle Club

GRAND MARAIS—The Men's Pinochle Club is meeting regularly with Charles Newberg and Charles Hess attempting to overcome the lead held by Edward Warren and Carl Gibbons.

### Altar Society Club

The Altar Society card club's weekly meeting was held at the home of Mrs. Frank Vaudreuil with Mrs. Margaret Gauthier, hostess. Mrs. Carl Gibbons and Mrs. William Kerrigan received the awards.

### Church Notes

Mrs. Carl Gibbons, Mrs. James Thornton, Mrs. Palmer Masse and Mrs. Matt Nyman attended the Deaneary meeting in Marquette Sunday.

Robert Jacobites has assumed the duties of Senior choir director.

Lenten devotions are being held every Wednesday and Friday evening at 7:30.

### Briefs

Sayre Ostrander is spending a few days with his uncle, Dewitt Ostrander at Monroe, Mich. On his return he will stop at Gaylord and Boyne City for some winter skiing.

Mrs. Lawrence Tellier who suffered a hip injury was taken to Manistiquette for treatment Wednesday. She was accompanied by Mr. and Mrs. Charles Chilson and Mr. Tellier who is convalescing from a fall in which he received a leg fracture.

Mr. and Mrs. Ora Endress motored to Marine City to attend the funeral of his uncle, Edward Sadler.

Mrs. Walter Sears has returned from a visit in Duluth.

Mrs. Roy Olson is spending a few days in Sault Ste. Marie.

Reginald Dunn of Addison, Mich., is spending a few weeks in Grand Marais.

Robert Jacobites has returned from Detroit. His family will remain there another month.

Mr. and Mrs. Levi Meilleur have returned from Gladstone where they spent the past few months.

Mrs. Lowell Trofast of Saginaw is visiting at the home of her father, Jugo Maki, a few days. Mr. Maki accompanied her here after spending a few weeks in Saginaw.

### School Notes

A number of grade children are preparing for the floor show to be staged March 16 in the basement of the Catholic church. The first High School Band concert in eight years will be held in the high school auditorium March 22.

CANNING OFFICIALS CONFER — Officials of Country Gardens, Inc., operators of a canning plant in Gladstone, and the American Can Co., were guests at a Lions club meeting honoring 4-H Bean Growing champions recently. At left is George Hanson, general manager of the Country Gardens plants; Albert Schuhardt, food

technician for Country Gardens; N. O. Sorenson, Milwaukee, president of Country Gardens; Otto Hunziker, Milwaukee, director of research for American Can; Ray Caldwell, sales representative for American Can, and Joe VanArman, Gladstone, manager of the Gladstone plant of Country Gardens. (Daily Press Photo)

## Library Given Check By PTA To Buy Books

A check for one hundred dollars was presented to the Gladstone Public and School Library by the Parent-Teacher Association at a PTA sponsored card party in the high school gym last evening which was designed to help raise a portion of the hundred.

## Briefly Told

**Choir Practice**—The choir of the Mission Covenant Church will meet at 7 on Wednesday evening for rehearsal.

**Bible Study**—The regular weekly Bible study hour will be held at 8 on Wednesday evening at the Mission Covenant Church.

**Choir Practice**—The choir of the First Lutheran Church will meet for practice at 7 Wednesday evening at the church.

**Volunteer Firemen**—A meeting of the Volunteer Firemen is to be held Wednesday evening at 7:30 in the City Hall.

**Lenten Service**—The second of a series of Lenten services will be held in St. Paul's Lutheran Church Wednesday evening starting at 7:30.

**ORC Auxiliary**—The Auxiliary to the Order of Railway Conductors is scheduled to meet Thursday afternoon at 2 at the home of Mrs. Elizabeth Sly, 1002 Superior avenue.

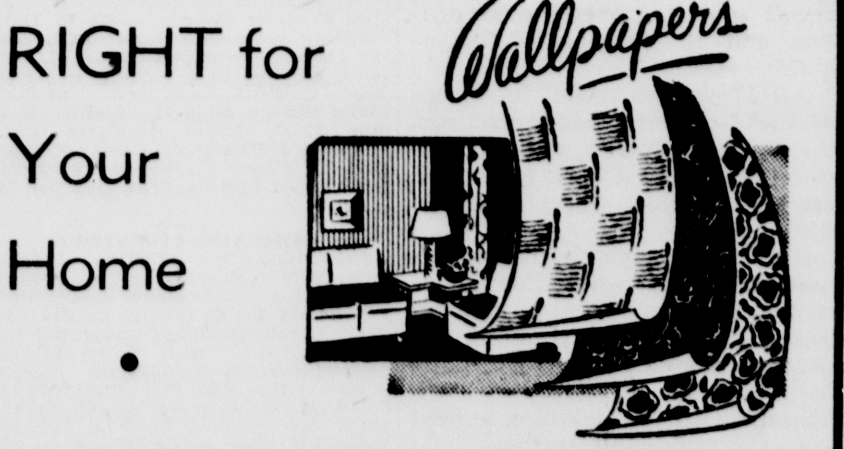

**Eastern Stars**—A regular meeting of Minnewasca Chapter No. 96, Order of the Eastern Stars, is to be held this evening at 8 at the Masonic hall. Lunch will be served by a committee composed of Mrs. Loyal Hanson, Mrs. Herman Kinnie and Miss Vera Ohman.

## Little Interest In Election Thus Far

Thus far no interest has been evinced in the Gladstone city election on Monday, April 7, at which time three persons will be elected to the Gladstone City Commission, for as yet no nominating petitions have been taken out from the office of City Clerk, H. J. Henrikson.

Candidates have until Tuesday, March 18, to file petitions, the city clerk states.

Terms of Commissioners Walter Lied and Adam Sinclair expire this spring. Also expiring is the term of R. A. Hale who was named to succeed George Mathison, resigned. Regulations provide the vacancy be filled for the balance of the term by polling at the first regular election following the resignation.

## Rotarians Learn Plans For Nahma

The American Playground Device Co., of Anderson, Ind., purchasers of the townsite of Nahma, plan to make it a combination resort and industrial community. William J. Duchaine, Escanaba, public relations director for the firm, told Rotarians at their weekly luncheon meeting at the Yacht club Monday noon.

Manufacturing operations are expected to begin in June or July and all former products of the company plus some new ones will be manufactured there, the speaker said. The company is the world's leader and largest manufacturer of playground equipment.

Plans for development of Nahma for resort purposes have been going forward. The old boarding house has been torn down and a modern motel is to be constructed in its place. Cottages are being improved. A model playground containing everything manufactured by the company will be laid out and equipped. The Sturgeon River, which winds about for 20 miles in the 4 1/2 mile stretch from Nahma Junction to Nahma, will be cleared of obstructions and improved for canoeing and boating.

The three mill ponds will be cleared of dead heads and beautified and will be used for harbors for small craft and for the promotion of aquatic events.

An information booth and gift shop handling Indian wares and wood products of the area is to be established at Nahma Junction.

Warren P. Miller, president of the firm, is a promotional man and he sees great possibilities for the development of Nahma, the speaker said.

Roger Beauchamp completed his four weeks with the club and was succeeded by Pat Fisher in the club's Uthrotor program.

# State Troopers May Miss Pay

LANSING—(AP)—A "payless payday" March 19 is in prospect for the Michigan State Police, State Controller Robert F. Steadman said, unless emergency funds are found.

Steadman told the state administrative board that the state police payroll allotments for that period will be exhausted.

He said he would refuse to certify any payrolls for any department after March 16 if the departments lack sufficient funds to meet them. Steadman said state mental hospitals will hit that point in early April.

The board agreed to discuss with legislative committees what course the legislature expects to take toward meeting departmental deficiencies.

Senate Republicans have declared unofficially there will be no more money for state agencies this year, but board members said they did not want to take the responsibility for revising quarterly payroll allotments to departments if no other funds will be found for the final quarter of the fiscal year.

# Shipping May Open April 3

DETROIT—(AP)—The U. S. Weather Bureau predicted today that full-scale shipping operations may begin on the Great Lakes as early as April 3.

The bureau's weekly ice report, its second of 1952, estimated the following opening dates for Great Lakes ports:

Lake Superior and Green Bay ports—April 10th (plus or minus seven days.)

Cleveland and Detroit—March 20 (plus or minus 10 days, but with possibility of limited operations earlier.)

Buffalo—April 7 (plus or minus 11 days.)

W. W. Oak, the Bureau's meteorologist in charge, said that if March weather behaves as expected, the earliest of the possible dates should prevail.

Even without warm March temperatures, shipping should be getting underway earlier than usual. Average opening date of Duluth is April 24, Marquette April 25 and Buffalo April 11.

No forecast was made in the weather bureau report of a probable opening date for the Sault locks. Granted favorable weather, however, there has been speculation they may be open for shipping as early as March 17.

The earliest opening on record is March 22 and the average is April 16. Last year the locks opened for navigation on April 2.

# Calumet Youth Held On Charge Of Killing Father With Hammer

HOUGHTON, Mich.—(AP)—A 17-year-old Calumet youth was held by sheriff's officers today for investigation in the hammer slaying of his father yesterday.

The father, Elwood Yaych, 45, died yesterday afternoon in Calumet hospital as result of a blow on the head.

Sheriff's officers said his son, Eugene, 17, told them he struck his father with a machinist's hammer. They said the youth claimed he was protecting his stepmother, who was being beaten by the father.

# Ness Infant Son Dies This Morning

The infant son of Mr. and Mrs. Lester E. Ness Jr., 311 S. 16th St., died at birth this morning at St. Francis Hospital. Surviving in addition to the parents are the grandparents, Mr. and Mrs. George Anderson and Mr. and Mrs. Lester Ness Sr., and the great grandparents, Mr. and Mrs. J. P. Ness, all of Escanaba. Private funeral services will be held Wednesday morning at the Boyce funeral home chapel. Burial will be in Holy Cross cemetery.

# Bridges Low Bidder On Chatham Project

LANSING—(AP)—C. G. Bridges of Escanaba was announced by the highway department as low bidder at \$204,131 on more than four miles of grading, drainage and surfacing on M-67 and M-94 from US-41 east and north from Chatham in Alger county.

# Doc And Phone Both Retire At Same Time

NEW YORK—(AP)—Recent retirement of Dr. Charles E. Birch, 88, White Plains physician, after 60 years of service, also retired an old-time telephone.

It had been in use 54 years. It was the old-fashioned wall type known as the "goose-neck" because the transmitter was mounted on an adjustable arm to bring it as close to the mouth of a standing speaker as possible.

The phone had been superseded in 1912 by a more compact device, but the doctor preferred to keep the old one as long as he maintained his office.

**GOLDEN JUBILEE**—To commemorate his founding of the company bearing his name, J. C. Penney was presented with a sterling silver plaque at the Company's recent convention in Chicago. The company, which was founded by Mr. Penney in 1902, is celebrating this year its Golden Jubilee. Above, left to right: J. C. Penney, chairman of the board; G. E. Mack, executive vice-president and treasurer; and H. H. Schwamb, vice-president in charge of personnel. J. H. Jackson, manager of the Escanaba store attended the convention.

# Retreat On Civil Rights Will Elect Republican, Says Senator Humphrey

By MARVIN L. ARROWSMITH  
WASHINGTON—(AP)—Sen. Humphrey (D-Minn) said today the next president "inevitably will be a Republican if the Democrats retreat" on the Truman civil rights program.

Calling for a showdown on the issue with Southern Democrats who are backing Sen. Russell of Georgia for the party's presidential nomination, Humphrey declared:

"President Truman was elected in 1948 without the solid electoral vote of the solid South, and I think a strong civil rights candidate can win this year despite Southern opposition."

"On the other hand, if we people who are for the civil rights program back-track from the 1948 platform, the party will lose such states as New York, Illinois and California—all of which have big electoral votes."

"That means the next president inevitably will be a Republican if the Democrats retreat on the civil rights issue. To me, it is inconceivable that there would be such a retreat."

Together, the three states Humphrey mentioned have 100 of the 531 electoral college votes, with 266 required to elect. In 1948, Truman lost New York's 47 electoral votes but won Illinois' 28 and California's 25.

Humphrey played a leading role in adoption of the party's civil rights plank at the 1948 convention. Approval of the plank—calling among other things for a Fair Employment Practices Commission—widened the North-South split in the party and cost Truman 39 electoral votes.

This year, southern backers of Russell hope they can keep the nomination from going to Truman—if he runs again—or to any other candidate who favors the President's civil rights program.

Russell supporters concede privately, however, that Truman almost certainly can have the nomination if he seeks it. So the southerners' main effort will be concentrated on trying to prevent electing Truman or some other civil rights candidate in November.

Miss Perkins was Secretary of Labor in the late President Franklin D. Roosevelt's cabinet.

President Truman appointed her to the Civil Service commission in 1946. The post pays \$15,000 a year.

# Chicago Prices

**CHICAGO BUTTER**—(AP)—USDA—Butter weak; receipts 420,213; wholesale selling prices five cents a pound lower; 93 score A and A-1 76; B 75; C 74; 35; 30 B 76; 29 C 75.

**CHICAGO EGGS**—(AP)—USDA—Eggs firm; receipts 20,875; wholesale selling prices unchanged except on U. S. extras a cent a dozen higher; U. S. extras 36-38; U. S. mediums 35-34; U. S. standards 33; current receipts 30.5; dirties 29.3; checks 29.

**CHICAGO LIVESTOCK**—(AP)—(USDA)—Salable hogs 10,000; slow early but generally moderately active storm trade; butchers strong to 25 cents, mostly 15-25 cents higher; weights under 220 lb up least in most cases; sows 25 cents higher; market uneven on butchers; practical 18.00; few small lots 18.10; half-load 18.15; most 19.00-20.00; 15.00; 200-250 lb 17.50-17.75; 260-300 lb 16.85-17.15; few loads 300-350 lb 16.25-16.55; sows 400 lb and under 15.50-16.25; mainly 15.75 and up; 400-500 lb 14.50-15.75; good clearance.

**CHICAGO CATTLE**—(AP)—(USDA)—Salable cattle 6,000; salable calves 300; steers grading average-choice and better; fairly active, steady; other grades slow, uneven, steady to 30 cents lower; heifers generally slow, about steady; cows fully steady; bulls steady to 25 cents lower; vealers strong; few loads high-choice and prime steers 35.50-37.25; load 1,300 lb weights 39.25; load prime 1,670 lb steers 35.50; bulk choice steers and yearlings 33.00-36.00; good to low-choice grades 29.50-32.75; commercial to low-good steers 28.00-29.00; choice and prime heifers 34.75-35.00; bulk choice heifers 31.50-34.50; utility and commercial bulls 25.50-28.75; most good to prime vealers 36.00-39.00.

**CHICAGO SHEEP**—(AP)—(USDA)—Salable sheep 2,500; practically nothing done on fed woolled lambs; bidding weak to 50 cents lower; few small lots good to choice averaged 25.50-26.00; slaughter ewes steady 11.50-14.00.

# Ecuador Government Crushes Revolt Plot

QUITO, Ecuador—(AP)—The Ecuadorian government announced today it had crushed a revolt plot by seven naval officers and 10 civilians in Guayaquil.

All 17 were arrested by troops of the Guayaquil army garrison, the defense ministry said. Guayaquil was reported back to normal, after the revolt flurried early in the morning.

An interior department communiqué said an investigation showed the event was "simply a senseless attempt" against public order, but added political overtones by saying the government will guarantee orderly balloting in next June's presidential elections.

Naval commander Guillermo Ordonez, maritime governor of the Galapagos Islands, was listed as one of those arrested.

# Sacristy Burned

DETROIT—(AP)—The 70-year-old St. Casimir Roman Catholic Church was damaged by fire Monday when the sacristy was burned and caused loss estimated at \$45,000. A worshipper discovered the blaze as she knelt at the altar. The Rev. Andrew M. Nieckarz, assistant pastor, said vestments valued at more than \$30,000 were included in the loss. A large part of the interior was blackened by smoke.

# Michigan Gets Snow And Cold

(By The Associated Press)  
Parts of southern Michigan skidded on icy roads and groped in fog today.

Two deaths were attributed to road hazards.

Because of dangerous driving conditions, many school buses in Oakland county were out of action.

A fog clung over the city of Pontiac and environs. Visibility was about the width of a street.

An overnight combination of wet snow and rain caused the trouble.

This was a piece of late winter storm that hit Kansas and Missouri, closing schools and snarling transportation. Indiana got snow and strong winds.

More snow and rain were forecast for Michigan today. It will turn a little colder tonight.

Michigan's temperatures of the last 24 hours had run into the high 30s.

The U. S. Weather Bureau said southeastern Michigan's rain would turn to freezing rain and sleet and then to snow flurries by late afternoon and evening.

# Death Of Pianist, 76, Ends Strange Wedded Life Of Fannie Hurst

NEW YORK—(AP)—Novelist Fannie Hurst goes as a solitary mourner today to the funeral of her husband, whose death ended a long marriage unsurpassed in fiction.

Her husband, 76-year-old Jacques S. Danielson, retired pianist-composer, died yesterday at his home.

Miss Hurst planned a funeral service with herself as the only person present. The body will be cremated.

The novelist, now 62, married Danielson in 1915. She announced the marriage five years later and told of its workings.

The two kept separate apartments, breakfasting together twice a week. He telephoned her for appointments. On each wedding anniversary they took a holiday together. She kept her own name.

# Truman Doesn't Want Miss Perkins To Be Retired At Age Of 70

WASHINGTON—(AP)—President Truman has signed an executive order exempting Frances Perkins, a member of the Civil Service commission, from compulsory retirement next April 10 when she will be 70 years old.

Mr. Truman's order said "the public interest" required her exemption from the general law providing for retirement at age 70.

Miss Perkins was Secretary of Labor in the late President Franklin D. Roosevelt's cabinet.

President Truman appointed her to the Civil Service commission in 1946. The post pays \$15,000 a year.

# School Tax Loses

WHITE CLOUD—(AP)—Supporters are urging another election to decide on an 11-mill tax increase to finance a \$200,000 elementary school building here.

The proposal was thought to have carried by a two-vote majority in a Feb. 25 election but 10 ballots were disqualified, defeating the measure.

# Chicago Prices

**CHICAGO BUTTER**—(AP)—USDA—Butter weak; receipts 420,213; wholesale selling prices five cents a pound lower; 93 score A and A-1 76; B 75; C 74; 35; 30 B 76; 29 C 75.

# Board Of Alcoholism Member Resigns Job

LANSING—(AP)—Governor Williams today accepted the resignation of Dr. C. P. Mehas of the Oakland county tuberculosis sanatorium as a member of the state board of alcoholism.

Dr. Mehas said he could no longer serve "because of the nature of new duties which I am soon to assume."

Williams said he regretted Dr. Mehas' resignation and added that "it has been a personal pleasure for me to be associated with you in trying to meet the problems of alcoholism."

# Rifle Bullet Travels Through Two Rooms To Kill Boy At Table

NEW YORK—(AP)—A bullet from a rifle his brother fired accidentally travelled through two rooms yesterday and killed Robert Klos, 13.

The .22 caliber pellet sped from a bedroom doorway, through the dining room and into the kitchen of the Klos home in Queens. It hit Robert in the back of the head as he helped his mother and sister set the table for supper.

Authorities said no charges would be brought against the brother, 17-year-old Clifford Klos III.

Jupiter is a mean distance of 483,900,000 miles away from the

# Wall Street

By RADER WINGET  
NEW YORK—(AP)—Stocks had a slight upside bulge today in a quiet market. Railroads gathered in some buying attention.

Changes were fractional in almost all cases. Many leaders traded unchanged.

Oils, steels, motors, and radio-television issues did better than other major divisions. Non-ferrous metals, aircrafts, and chemicals were on the bottom of the scale.

American & Foreign Power's new common stock resulting from a reorganization opened today at 107. The old stock closed its trading life on the stock exchange yesterday at 9/32 off 1/32.

Admiral Corp. was up fractionally. The company reported 1951 earnings equal to \$4.97 a share as compared with \$5.73 a share in the previous year.

Stocks making progress today included Santa Fe, Southern Railway, Northern Pacific, Standard Oil (NJ), Studebaker, U. S. Steel, Woolworth, Radio Corp., Zenith Radio, Du Pont, and Food Machinery.

Low were Phelps Dodge, American Cyanamid, Eastman Kodak, Westinghouse Electric, Goodrich, Boeing, and Douglas aircraft.
